

Connecticut Department of Energy & Environmental Protection

WATER PLANNING & MANAGEMENT

Individual Permit Application for Dam Safety

Print or type unless otherwise noted. You must submit a copy of the published notice of permit application and the completed [Certification of Notice Form](#) along with this form.

CPPU USE ONLY

App #: DS-_____

Doc #:_____

Program: Dam Safety

Part I: Application and Fee Information

Check One: New Dam Existing Dam

DEEP Dam ID No., for existing dams:

(If dam ID number is unknown, check the Dam Safety [website](#) or contact the DEEP Dam Safety Program at DEEP.DamSafety@ct.gov)

There is no fee [#358] for this application.

Town where site is located: _____

Brief Description of Project:

Part II: Public Notice Information

The public notice of application must be published **prior** to submitting an application, as required in Connecticut General Statutes (CGS) section 22a-6g. A copy of the published notice of application and the completed Certification of Notice Form must be included as Attachment A to this application, as required by CGS section 22a-6l. Your application will **not** be processed if Attachment A is not included. One notice pertaining to both Dam Safety and Water Quality Certification is acceptable, if applicable.

Date of Publication:

Once the application is processed and the permit is drafted by DEEP, a Notice of Tentative Determination (NTD) will be published in a local newspaper by DEEP. A 30 day public comment period will follow the publication of the NTD. In accordance with CGS section 22a-403, DEEP will also email the municipal chief executive officer, the inland wetland agency, and the planning, zoning and conservation commissions of each town in which the work will take place or have effect. The signed permit would also be sent to the municipal clerk.

Name each municipality where work will take place or have effect: _____

Email address for municipal chief elected official(s): _____

Email address for municipal wetlands agent(s): _____

Email address for planning, zoning, and conservation commission(s): _____

Email address for municipal clerk: _____

:

Part III: Applicant Information

Dam ID # _____ (from Part I)

- *If an applicant is a corporation, limited liability company, limited partnership, limited liability partnership, or a statutory trust, it must be registered with the Secretary of State. If applicable, the applicant's name shall be stated **exactly** as it is registered with the Secretary of State. Please note, for those entities registered with the Secretary of State, the registered name will be the name used by DEEP. This information can be accessed at the Secretary of State's database ([onlineBusinessSearch \(ct.gov\)](http://onlineBusinessSearch.ct.gov)).
- If an applicant is an individual, provide the legal name (include suffix) in the following format: First Name; Middle Initial; Last Name; Suffix (Jr, Sr., II, III, etc.).
- If there are any changes or corrections to your company/facility or individual mailing or billing address or contact information, please contact the Dam Safety Program at DEEP.DamSafety@ct.gov.

1. Applicant Name:

Mailing Address:

City/Town:

State:

Zip Code:

Business Phone:

ext.:

Contact Person:

Phone:

ext.

*E-mail:

a) Applicant Type (check one):

individual federal agency state agency municipality tribal

*business entity (*If a business entity, complete i through iii):

i) Check type: corporation limited liability company limited partnership
 limited liability partnership statutory trust Other: _____

ii) Provide Secretary of the State business ID #: _____ This information can be accessed at the Secretary of State's database ([onlineBusinessSearch \(ct.gov\)](http://onlineBusinessSearch.ct.gov)).

iii) Check here if your business is **NOT** registered with the Secretary of State's office.

b) Applicant's interest in property at which the proposed activity is to be located:

site owner option holder lessee

easement holder operator other (specify): _____

Check if any co-applicants. If so, attach additional sheet(s) with the required information as requested above.

2. Billing contact, if different than the applicant.

Name:

Mailing Address:

City/Town:

State:

Zip Code:

Business Phone:

ext.:

Contact Person:

Phone:

ext.

*E-mail:

Part III: Applicant Information (continued)

Dam ID # _____ (from Part I)

3. Primary contact for departmental correspondence and inquiries, if different than the applicant.

Name:

Mailing Address:

City/Town:

State:

Zip Code:

Business Phone:

ext.:

Contact Person:

Phone:

ext.

*E-mail:

4. Attorney or other representative, if applicable.

Firm Name:

Mailing Address:

City/Town:

State:

Zip Code:

Business Phone:

ext.:

Attorney:

*E-mail:

5. Property Owner, if different than the applicant.

Name:

Mailing Address:

City/Town:

State:

Zip Code:

Business Phone:

ext.:

Contact Person:

Phone:

ext.

*E-mail:

6. Engineer(s) or other consultant(s) employed or retained to assist in preparing the application or in designing or constructing the activity.

Name:

Mailing Address:

City/Town:

State:

Zip Code:

Business Phone:

ext.:

Contact Person:

Phone:

ext.

*E-mail:

Service Provided:

*By providing this e-mail address you are agreeing to receive official correspondence from DEEP, at this electronic address, concerning the subject application. Please remember to check your security settings to be sure you can receive e-mails from "ct.gov" addresses. Also, please notify DEEP if your e-mail address changes.

 Check here if additional sheets are necessary, and label and attach them to this sheet.

1. SITE NAME AND LOCATION

a. Name of Site (include any known alternate names as well):

Street Address or Location Description:

City/Town:

State:

Zip Code:

b. Parcel Location/Tax Assessor's Reference: Map

Block

Lot

Check here if the property lies on more than one parcel. If so, attach additional sheet(s) with the required information as requested above.

c. Easement(s): If the project is located on a utility/transportation right-of-way or easement and/or requires access through easements, has that access been approved for this project? Yes No

Explain: _____

If applicable, include a map as Attachment C outlining the limits and dimensions of the easement(s).

d. Latitude and Longitude of the approximate "center of the site" in *degrees, minutes, and seconds*:

Latitude:

Longitude:

Method of determination (check one):

GPS USGS Map Other (please specify):

If a USGS Map was used, provide the quadrangle name:

e. Drainage Basin number(s) wherein the proposed activity will take place:

2. COASTAL BOUNDARY: Is the activity which is the subject of this application located within the coastal boundary as delineated on DEEP approved coastal boundary maps? Yes No

If Yes, and this application is for a new authorization or a modification of an existing authorization where the physical footprint of the subject activity is modified, you must submit a [Coastal Consistency Review Form for Dam Safety Activities](#) with your application as Attachment J.

Information on the coastal boundary may be available at the following locations:

a. www.cteco.uconn.edu/map_catalog.asp

(Select the town and then select coastal boundary. If the town is not within the coastal boundary, you will not be able to select the coastal boundary map.)

b. The "Coastal Boundary Map" available at DEEP Maps and Publications (860-424-3555).

c. The local town hall.

3. **NATURAL DIVERSITY DATA BASE (NDDB) - ENDANGERED OR THREATENED SPECIES:** According to the most current "[Natural Diversity Data Base Areas Maps](#)", will the activity which is the subject of this application, including all impacted areas, be located within an area identified as, or otherwise known to be, a habitat for state listed endangered, threatened or special concern species? (Impacted areas include, but are not limited to the following: limits of the dam, impoundment area, downstream flow areas, access roads, mobilization areas, and any other areas within the vicinity of the proposed work.)

Yes No Date of Map:

If yes, complete and submit a Natural Diversity Data Base Review Request using the DEEP's ezFile portal (filings.deep.ct.gov/DEEPPortal/). To get started, create a user account and start a new NDDB filing.

Additional information about this new filing process can be found on the NDDB [website](#). **All requests for review must go through the new NDDB portal. Email deep.nddbrequest@ct.gov if you need help.**

Please note if NDDB biologist review is required, it may take 6 to 8 weeks and may require the applicant to produce additional documentation, such as ecological surveys, which must be completed prior to submitting this permit application.

A copy of the NDDB Determination response letter that has not expired must be submitted with this completed application as Attachment K. Include a copy of any mitigation measures developed for this activity and approved by NDDB. Be aware that you must renew your NDDB Determination if it expires before project work commences.

4. **AQUIFER PROTECTION AREAS:** Is the site located within a mapped Level A or Level B [Aquifer Protection Area](#), as defined in CGS section 22a-354a through 22a-354bb?

Yes No If Yes, check one: Level A or Level B

If **Level A**, are any of the [regulated activities](#), as defined in RCSA section 22a-354i-1(34), conducted on this site? Yes No

If **Yes**, and your business is **not** already registered with the Aquifer Protection Program, contact [local aquifer protection agent](#) or DEEP to take appropriate actions.

For more information on the Aquifer Protection Area Program visit the DEEP website at [Aquifer Protection](#) or contact the program at DEEP.AquiferProtection@ct.gov.

5. **CONSERVATION OR PRESERVATION RESTRICTION:** Is the property subject to a conservation or preservation restriction? Yes No

If Yes, proof of written notice of this application to the holder of such restriction or a letter from the holder of such restriction verifying that this application is in compliance with the terms of the restriction, must be submitted as Attachment T.

6. **FLOOD MANAGEMENT:** Is this project receiving funding through a state agency or Federal funding that is being administered by a state agency? Yes No

If Yes, please provide the following information as Attachment P:

- A brief supporting document of the available funds, the name of the funding source, and the name of the agency which will be administering the funds.
- Name of Contact within Agency
- Contact Information

7. **STREAMFLOW REQUIREMENTS:** Is this dam associated with a water supply reservoir?

Yes No

If Yes, submit a completed [Request for Determination of Stream Flow Release Requirement for Dam Safety Permits](#) (DEEP-WPMD-APP-201) to the email address specified on the form, **at least 4 weeks** prior to submitting this application. A copy of the returned form, signed by staff of the Water Quantity Unit, must be submitted with this completed application as Attachment M. Contact the Water Quantity Unit at 860-424-3020 or deep.streamflowclass@ct.gov with questions.

8. SEDIMENT OR DAM EMBANKMENT MATERIAL REMOVAL OR RELOCATION

Is this a project a full or partial dam removal project? Yes No

If Yes, does the project involve sediment or dam embankment material that will be mobilized, removed, re-used, stored, or relocated as part of the proposed work? Yes No

If Yes, please submit a Sediment Removal Management Plan as Attachment N. Please note that sampling data from any material (sediment and/or embankment material, as applicable) that needs to be managed, may be required. "Management" of material includes, but is not limited to the following: containment; storage; left in-place behind a partially removed dam; treated; or, relocated on or off-site.

9. PRE-APPLICATION MEETING(S):

It is strongly encouraged that you request a pre-application meeting before submitting this application. You may schedule a pre-application meeting by submitting a [pre-application questionnaire](#) to the address indicated on the form.

If a pre-application meeting was held concerning the subject activity, provide the following:

Pre-Application Meeting Date(s): _____ DEEP Staff Member(s) in attendance: _____

Brief summary of the meeting: _____

10. OTHER PERMITS: List any federal, state or local permits or certificates that have already been issued or are pending for the site or for the proposed activity:

Type or Nature of Permit	Permit No.	Issuing Authority	Date Issued	Expiration Date	Permittee Name

Part V: Dam Specific Activity Information

Dam ID #_____ (from Part I)

1. a. Name of watercourse affected by dam:
b. Name of dam (include any known alternate names as well):
c. Name of impoundment:

2. Type of activity (check one):

New construction Repair/Modification Removal

3. Description of the uses of the dam and impoundment:

a. Existing:	b. Proposed, if different than existing:
--------------	--

	Measurement	Existing	Proposed
4. Characteristics of impoundment:	(choose one)		
a. Surface area	acres		
b. Drainage area	<input type="checkbox"/> acre or <input type="checkbox"/> square miles		
c. Volume at spillway height	<input type="checkbox"/> acre-feet or <input type="checkbox"/> cubic feet		
d. Volume at top of dam	<input type="checkbox"/> acre-feet or <input type="checkbox"/> cubic feet		
5. Characteristics of dam:			
a. Maximum height at centerline	feet		
b. Total length	feet		
c. Description of select type of dam			
6. Characteristics of spillway(s); If more than one spillway exists at the site please list characteristics of each on a separate sheet.			
Number of spillways			
a. Type select type of spillway			
b. Description of material			
c. Length	feet		
d. Height above stream bed	feet		
e. Amount of freeboard	feet		
f. Water surface elevation	feet NAVD88		
g. Historic water surface elevation	feet NAVD88		
h. Historic water surface elevation maintained until which year	year		

Part V: Dam Specific Activity Information (continued)

Dam ID #_____ (from Part I)

7. Hydraulic factors:	Measurement	Existing	Proposed
a. Spillway design storm	return frequency; e.g., 100 yr., ½ PMF, PMF, Other		
b. Design storm duration	hours		
c. Capacity at design storm elevation	cfs		
d. Capacity at top of dam	cfs		
e. Peak inflow	cfs		
f. Peak outflow	cfs		
g. Impoundment elevation at peak outflow	feet NAVD88		
8. Use of fill material:			
Will fill material be placed in a watercourse or in wetlands? <input type="checkbox"/> Yes <input type="checkbox"/> No			
If Yes, the volume to be placed is: cubic yards and the area to be filled is: acres.			
9. Rate of flow to be passed on an uninterrupted instantaneous basis through the dam during filling or refilling is: cfs.			
10. If the impoundment will be drawn down , will potable water supply wells be adversely affected by such drawdown? <input type="checkbox"/> Yes <input type="checkbox"/> No			
If Yes, provide a plan for potable water supply as Attachment O.			

Part VI: Supporting Documents

Dam ID #_____ (from Part I)

Check the applicable box below for each attachment being submitted with this application form. The Dam Safety permit application process requires preliminary coordination and input from other agencies/groups. Consultations with other agencies must occur prior to application submission.

When submitting any supporting documents, please label the documents as indicated in this part (e.g., Attachment A, etc.) and be sure to include the applicant's name as indicated on this application form.

Attachment A: **Notice of Permit Application**

Refer to the Public Notice Requirements for Permit Applications (DEEP-INST-005A). The public notice of application must be published prior to submitting an application, as required in CGS section 22a-6g. A copy of the published notice of application and the completed [Certification of Notice Form](#) (DEEP-APP-005A) must be included as Attachment A to this application as required in CGS section 22a-6l. Your application will not be processed if Attachment A is not included.

Attachment B: **Executive Summary**

Summarize the information contained in the complete application which must include a description of the proposed regulated activities and a synopsis of the environmental and engineering analyses of the impact of such activities. Include a list of the titles of all plans, drawings, reports, studies, appendices, or other documentation which are attached as part of the application.

Attachment C: **Location Map**

An 8 1/2" x 11" Location Map at an appropriate scale to clearly identify the location of the regulated activity with the project site outlined or pinpointed.

If applicable, this attachment should also include a separate aerial map clearly outlining the limits and dimensions of any easement(s) required for access to the project site.

Attachment D: **Plan Sheets and Drawings**, signed and stamped by a Licensed Professional Engineer.

Attachment E: **Engineering Documentation**

Attachment F: **Flood Contingency Plan**

Attachment G: **Alternatives Assessment**

Attachment H: [Applicant Compliance Information Form](#) (DEEP-APP-002)

Attachment I: [Applicant Background Information Form](#) (DEEP-APP-008)

Attachment J: [Coastal Consistency Review Form for Dam Safety Activities](#), if applicable.

Attachment K: **Natural Diversity Data Base (NDDB)**-Determination Letter, if applicable.

A copy of the NDDB Determination response letter that has not expired, if applicable. Include a copy of any mitigation measures developed for this activity and approved by NDDB. Do *not* submit any NDDB Preliminary Site Assessments with your application. Be aware that you must renew your NDDB Determination if it expires before project work commences.

- Attachment L: **Fisheries Consultation Form(s)**
Submit an approved [Fisheries Dam Consultation Form](#) (DEEP-FISH-APP-006);
 - Please note that fisheries consultations for Dam Safety projects have been combined into one form provided above.
- Attachment M: **Streamflow Release Determination**
If the project dam is associated with a water supply reservoir, coordinate with DEEP's Water Quantity section ***prior to this application submittal***. Submit a copy of the completed, returned [Request for Determination of Stream Flow Release Requirement for Dam Safety Permits](#) (DEEP-WPMD-APP-201) signed by staff of the Water Quantity Unit.
- Attachment N: **Sediment Removal Management Plan**
If the site includes sediment removal and/or relocation, please submit a Sediment Removal Management Plan.
- Attachment O: **Potable Water Supply Plan**
If applicable, submit a contingency plan that addresses potential impacts regarding the yield of residential wells directly affected by an authorized drawdown. This plan should include a public outreach meeting and correspondence with the local health director.
- Attachment P: **Flood Management Documentation**
- Attachment Q: **Wetlands Impact Documentation**
If your project requires a 401 Water Quality Certification or a Pre-Construction Notification, complete and submit a **Water Resource Impact Table (XLSX) (PDF)**.
- Attachment R: Soil Scientist Report
- Attachment S: Environmental Report
- Attachment T: **Other information:** Any other information the applicant deems relevant or is required by DEEP.

Part VII: Qualified Professional Engineer Certification

Dam ID # _____ (from Part I)

The following certification must be signed and sealed by a professional engineer licensed to practice in Connecticut and submitted with this application. An application will be considered insufficient without this certification. In addition, each Engineering document submitted as part of this application (including, but not limited to plans, specifications, analysis report, etc.) must be signed and stamped by a licensed professional engineer.

"I certify that in my professional judgement, each engineering document submitted as part of this Individual Dam Safety permit application contains information that is true, accurate and complete to the best of my knowledge and belief.

This certification is based on my review of the engineering documentation within this application.

I understand that a false statement made in the submitted information may, pursuant to section 22a-6 of the Connecticut General Statutes (CGS), be punishable as a criminal offense under section 53a-157b of the CGS, and may also be punishable under section 22a-438 of the CGS."

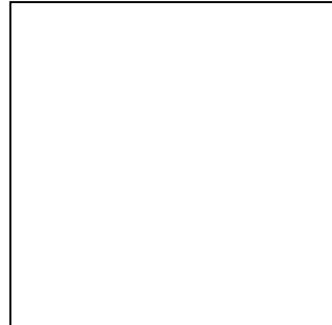

Signature of Qualified Professional Engineer

Date

Printed Name of Qualified Professional Engineer

P.E. Number

Affix P.E. Stamp Here

Part VIII: Application Certification

Dam ID # _____ (from Part I)

The applicant *and all* individuals responsible for actually preparing the application or supporting documentation must sign this part. An application will be considered insufficient unless **all** required signatures are provided. You must include signatures of any person preparing any report or parts thereof filed in support of this application (i.e., professional engineers, surveyors, soil scientists, biologists, environmental and other consultants, etc.).

"I have personally examined and am familiar with the information submitted in this document and all attachments thereto, and I certify that based on reasonable investigation, including my inquiry of the individuals responsible for obtaining the information, the submitted information is true, accurate and complete to the best of my knowledge and belief.

I understand that a false statement in the submitted information may be punishable as a criminal offense, in accordance with section 22a-6 of the Connecticut General Statutes, pursuant to section 53a-157b of the Connecticut General Statutes, and in accordance with any other applicable statute.

I certify that this application has been prepared using complete and accurate forms as prescribed by the commissioner without alteration of the text.

I certify that I have complied with all notice requirements as listed in section 22a-6g of the Connecticut General Statutes."

Signature of Applicant

Date

Printed Name of Applicant

Title (if applicable)

Signature of Preparer (if different than above)

Date

Printed Name of Preparer

Title (if applicable)

Check here if additional signatures are required.

If so, please reproduce this sheet and attach signed copies to this sheet.

Please remember to publish notice of the permit application **prior** to submitting your completed application to DEEP. Send a copy of the published notice to the chief elected official of the municipality in which the regulated activity is proposed, and provide DEEP with a copy of the published notice, as described in the instructions, attached to a completed [Certification of Notice Form](#) (DEEP-APP-005A) as Attachment A to this application.

How to Submit a Dam Safety Permit Application

1. Submit this completed Permit Application Form (without attachments) via email to DEEP.CentralPermits@ct.gov, and copy DEEP.DamSafety@ct.gov. The Primary Contact listed in the application will receive a Confirmation of Application Receipt email that includes the Permit Application # the next business day after it is processed.
 - If there is a fee please indicate in the email if you would like to pay by e-check, and provide the name and phone number of the person that will have bank information (checking account #, routing #) available when we call to process your payment. Do not send your bank information in the email or application. Credit cards are not accepted at this time. If you do not wish to pay via e-check, you will receive an invoice in the mail, and you can mail in a paper check.
 - If you are sending an application form via email, **please do not send us a duplicate paper copy**. (If you send duplicate copies, it will result in the assignment of multiple Permit Application #'s). In your email, you may ask us to verify that we received your application form successfully. The email subject heading should say "Electronic Permit Application Form: Dam Safety Program". You will receive a Permit Application # from DEEP.CentralPermits@ct.gov.
2. Send an additional email to DEEP.DamSafety@ct.gov to submit the remaining parts of the permit application (include all applicable attachments), and reference the Permit Application # in the email subject heading.
 - The remaining parts of the application (attachments) must be received by the DEEP Dam Safety Program within 30 days of submitting the Permit Application Form in Step #1. If the attachments are too large to email, please use our FTP site <https://portal.ct.gov/-/media/DEEP/water/dams/DamSafetyFTPFACITSHEETpdf.pdf>
 - If the remaining parts of the permit application and attachments are not received within 30 days, the application will be deemed insufficient.
4. If you are unable to submit this Permit Application Form electronically, please mail this completed form and all supporting documents to the following address:

CENTRAL PERMIT PROCESSING UNIT
DEPARTMENT OF ENERGY AND ENVIRONMENTAL PROTECTION
79 ELM STREET
HARTFORD, CT 06106-5127
