

2019 Officially Designated Greenway

Clinton Blue/Greenway - The Clinton Blue/Greenway is a town trail that will connect, in its final phase, the town of Clinton with its neighbors to the west and east, as well as the people of Clinton to their recreational opportunities, historical landmarks and land trusts. The first phase is a loop of over 3 miles which crosses a segment of trolley line then proceeds on roads through a historical section, to the town dock making the first connection to the “Blueway” onto the Indian River. Here the second access point takes users through the Town of Clinton and onto the town beach.
