Bureau of Materials Management & Compliance Assurance
 79 Elm Street - 4th Floor
 Hartford, CT 06106-5127

First Destination of MSW Disposed from Each CT Municipality in FY2009**

***Disposal tonnages* presented in the table below represent both residential and nonresidential solid waste and are based on data submitted to the Connecticut Department of Environmental Protection as of 11/10/2010 by: Connecticut municipalities, and the following types of Connecticut permitted solid waste facilities: (1) regional multi-town transfer stations (TSs); (2) single town municipal TSs which transferred waste to out-of-state destinations; (3) landfills; and (4) Resource Recovery Facilities (RRFs). If the first destination was a single town municipal TS, the first destination represented below is the destination after the municipal TS. Data does *not* include construction and demolition (C&D) waste or oversized MSW reported received at C&D volume reduction facilities and does *not* include waste recycled, reused, or composted. To view the total amount of MSW reported received from within the borders of each Connecticut municipality, see "*Summary Report - MSW Recycling & Disposal Rates for Each CT Municipality FY2009*".

Please contact [Judy Belaval](mailto:jbelaval@dep.state.ct.us) (860 424-3237) at the Connecticut Department of Environmental Protection, Bureau of Material Management & Compliance Assurance Recycling Office, if you have any questions, comments, or corrections regarding the data presented in this report.

To find data for a municipality click on the name of the city or town
