

# **Proposed Amendments to the Connecticut Remediation Standard Regulations**

**Question & Answer Session  
July 30, 2019**

**DISCLAIMER:** This presentation will not become part of the regulation-making record and is not being recorded. The materials contained in this presentation are for informational purposes only. If the information presented herein is in conflict with the formal proposed amendments to the RSRs on the eRegulations website, the eRegulations version shall take precedence.

# Underlying Principles of RSR Amendments

- LEP-Implementation
  - DEEP involvement not required where it was required before
- Building on DEEP Experience
  - Responding to situations where sites may have been stuck – e.g., pesticides, roadways
- Adding Predictability/Clarification
  - Making clearer what a requirements, how rules apply
  - Facilitate better evaluation of costs
- Flexibility
  - Providing additional options to achieve compliance
- Protection of Human Health and the Environment
  - The baseline that must be met

# Public Comment Period

- Public comment period runs for 90 days ends **5:00 pm, October 7<sup>th</sup>, 2019**
- Preferred method for comments:
  - Written:
    - Submitted through the [eRegulations System](#)
  - Verbal:
    - Public Hearing on September 25, 2019 at 1:00 p.m. at DEEP, 5th Floor, Gina McCarthy Auditorium, 79 Elm Street, Hartford, CT

# Comment Procedure

The Office of  
**Secretary of the State Denise W. Merrill**

**About Proposed Regulations:** State agencies propose regulations in order to make changes to the *Regulations of Connecticut State Agencies*-Connecticut's version of a state administrative code.

In order to become law, proposed regulations must complete an adoption process that includes approval by the Legislative Regulation Review Committee of the Connecticut General Assembly and posting to the eRegulations System. [Learn more about the Regulation-Making Process in Connecticut.](#)

The regulations listed on this page are in various stages of the adoption process. To view the progress of and documents for a specific proposed regulation, select its **Tracking Number** link.
