**Attachments:** 170802 Comprehensive Surface and Groundwater Revisions since March 7.docx

**Importance:** Low

Hello Janice,

CTACHMM and CTDEEP have been able to reach a resolution during pre-hearing conferences in the matter of the proposed intent to issue the *Comprehensive General Permit for Discharges to Surface Water and Groundwater*. Based upon the wording in the attached draft of this permit, which was prepared by James Creighton, we are withdrawing our petition for a public hearing in this matter.

CTACHMM would like to express our thanks to Jim, Ozzie, and Don for meeting with Paul Simonetta and myself and their willingness to work with us on the inclusion of Certified Hazardous Materials Managers in Section 5(h) Recording and Reporting Violations of this Permit. We continue to believe that CHMMs are well-qualified for third-party certifications in this and other wastewater discharge permits.

Please let me know if you need anything further from CTACHMM for this petition withdrawal.

Sincerely,  
Whyndam Abrams, CHMM  
Secretary, CTACHMM
