APPLICANTS’ BRIEFING SHEET

PUBLIC ASSISTANCE PROGRAM APPLICANTS’ BRIEFING
FEMA Disaster Declaration Number: DR-4213

PURPOSE OF BRIEFING
To provide a general overview of the PA program including application procedures, administrative requirements, funding, and program eligibility requirements.

The Applicant Briefing is followed by FEMA Kickoff Meetings with each eligible applicant/municipality. At Kickoff Meetings a FEMA Project Specialist works closely with municipal representatives, state agencies and private non-profits (PNPs) to identify the applicant’s needs, program eligibility, and documentation requirements.

CRITICAL FIRST STEPS
Listed below are the initial actions that must be taken to participate in the PA Program.

1. Each town/agency must complete and submit to DESPP/DEMHS staff by the close of the Applicants’ Briefing today the following forms:
   a. “Request for Public Assistance” (FEMA Form 90-49)
   b. “Receipt of List of Assurances” form
   c. “DUNS/FEIN” form
   d. “Private Non-Profit Organization Certification Form” (If Applicable)

   Any employee or representative of the town or agency may fill out these forms.

2. If these forms are not submitted at today’s briefing, they should be submitted within 10 days from the date of the Applicants’ Briefing. The final deadline is 8 May 2015 – BUT DO NOT WAIT. Failure to submit the “Request for Public Assistance” form, the “Receipt of List of Assurances” form, the DUNS/FEIN form, and the PNP Certification Form to DESPP/DEMHS will render your town, agency, or PNP ineligible for the PA Program.

   E-MAIL or FAX the forms to DESPP/DEMHS at the following:

The President's action makes federal funding available to state, tribal and eligible local governments and certain private nonprofit organizations on a cost-sharing basis for emergency work and the repair or replacement of facilities damaged by a severe winter storm and snowstorm in New London, Tolland, and Windham counties.

In addition, federal funding is available on a cost-sharing basis for snow assistance for a continuous 48 hour period during or proximate to the incident period in New London, Tolland, and Windham counties.

Federal funding is available on a cost-sharing basis for hazard mitigation measures statewide.

Albert L. Lewis has been named as the Federal Coordinating Officer for federal recovery operations in the affected area. Lewis said additional designations may be made at a later date if requested by the state and warranted by the results of further damage assessments.

DUNS NUMBER REQUIRED FOR ALL APPLICATIONS

Dun & Bradstreet (D&B) keeps track of more than 70 million businesses world-wide through its Data Universal Numbering System (DUNS). In recent years, the DUNS number has become increasingly important to both federal and local governments.

First, the federal government, adopted a new policy that requires all organizations to provide a DUNS number as part of their grant applications. Even Sub-grantees are now required to obtain the DUNS number on their applications.

There is no fee for registering for a DUNS number. Organizations may register by phone or online. However, online registrations may take up to 30 days, so it is important that you begin the process now.

What’s the easiest way to get a DUNS number?

It only takes a day to get a DUNS number from D&B by phone (you may be on hold for a little while), but Internet applications can take up to 30 days! Note that an authorizing official, not a project director, of the organization should request a DUNS number.

Call D&B’s special toll-free number for federal grant applicants: 1-866-705-5711. When you call, tell the operator that you are applying to a federal grant program and need to register for a DUNS number. The process will take about ten minutes. You will be asked to provide the following information (subject to minor changes):
  • Legal name of organization
  • Physical address (and PO box if you have one)
  • Telephone number
  • Web address
  • Name of the authorizing official (e.g., president, director, etc.)
  • The purpose of your organization (e.g., non-profit dance company to perform and create work)
  • Total number of employees

Your organization can also register for a DUNS number via D&B’s Web site at http://www.dnb.com/us. Choose the “DUNS number only” option.

PLEASE NOTE THAT REGISTRATION VIA THE WEBSITE MAY TAKE UP TO 30 BUSINESS DAYS TO COMPLETE.

PLEASE NOTE: FEMA FUNDS WILL NOT BE DISBURSED UNLESS THE APPLICANT HAS FILED A DUNS NUMBER!
**Time Limits**

FEMA has established **Time Limits** for requesting assistance and for completing work using Public Assistance Program grants.

**Requesting Assistance**

- An applicant must submit a *Request for Public Assistance* within 30 days of the date that the area was designated a disaster area.
- Information on damaged facilities must be submitted to FEMA within 60 days of the first substantive meeting, usually the Kickoff Meeting.
- An applicant may appeal any FEMA decision to the State within 60 days of being notified of that decision.

**Completing Work**

The time frames for completing eligible work are also measured from the date of declaration of the disaster and vary depending on the type of work.

<table>
<thead>
<tr>
<th>Type of Work</th>
<th>Months After Designation</th>
</tr>
</thead>
<tbody>
<tr>
<td>Debris Clearance</td>
<td>6</td>
</tr>
<tr>
<td>Emergency Protective Measures</td>
<td>6</td>
</tr>
<tr>
<td>Permanent Work</td>
<td>18</td>
</tr>
</tbody>
</table>

**Time Extensions**

All time frames are set by regulation; however, if extenuating circumstances or unusual project conditions exist, a time extension may be requested through the State. If not changing the scope of work or cost, the State has the authority to extend the time frames for completion of debris removal and emergency work by 6 months and permanent work by 30 months. For all other extensions, the State must request the extension from FEMA. The Regional Administrator may extend the time limitation beyond the State's authority.

The Regional Administrator also may extend the time limitations for submitting a *Request for Public Assistance* and for identifying and reporting damage to FEMA if the State justifies and makes the request in writing. A justification must be based on extenuating circumstances beyond the State’s or applicant’s control.

APPLICANT’s GUIDE AND CHECKLIST FOR SUBMITTING PUBLIC ASSISTANCE DOCUMENTS

The following pages provide a GUIDE for preparing a properly documented application/project worksheet package to be submitted to FEMA. Submitting a complete package with the required backup materials will expedite the processing of your reimbursement.

You are requested to use the Public Assistance Forms located on the Department of Emergency Services and Public Protection/Division of Emergency Management and Homeland Security (DESPP/DEMHS) web site at [http://www.et.gov/demhs](http://www.et.gov/demhs). Click on “Disaster Recovery” in the left-hand column then click on “Public Assistance”. These user-friendly forms have been revised by DESPP/DEMHS to automatically calculate specific fields for you. In addition, blank forms are provided within this briefing package.

To make your job easier, just use this guide to check off items as they are completed.

**Required Documents**

1. **Required Information for forms & worksheets** – on many forms you will be asked to provide the following:
   - Disaster declaration number
   - Applicant name
   - Certifying representative signature/title/date
   - Federal Employer Identification Number (FEIN)
   - DUNS number
   - The dates and hours of selected time period (ex: 48 hrs, 72 hrs) for the event (i.e., TIME/DATE through TIME/DATE)  (Applicants should pick the time period based on whatever time/date is most beneficial to them.)

2. **Work Summary Record** – Serves as an important Cover Sheet which separately lists the total expenditures for:
   - Force Account Labor
   - Force Account Equipment
   - Force Account Materials
   - Rental Equipment
   - Contract Work
   - Miscellaneous/Other
   - Total of all Costs

   **NOTE:** If a specific category (such as Rental Equipment) does not apply to your submission, place a “0” in the “AMOUNT CLAIMED” field.

3. **Applicant’s Benefits Calculation Worksheet** – Displays the fringe benefit costs related to regular time work and to overtime work. Aside from Social Security and Medicare (FICA), the eligible items for overtime are contingent upon the terms of individual labor contracts. Consult your finance/business/human resources office for this information.

4. **Force Account Labor Summary Record** – For emergency work, only the overtime labor costs of regular employees are normally eligible for FEMA reimbursement. (However, you must show the number of regular hours worked on the disaster as well, so that force account equipment time – both regular and overtime can be reimbursed.)
Additional hires or temporary staff hired solely for response to the event may be claimed for both regular time and overtime worked.

Please show regular time pay rate for all claimed employees.

**NOTE:** Only the time associated with employees who actually used equipment in response to the event is eligible for reimbursement.

<tr>

</tr>
<tr>
<td>Any other documents and/or explanations to support your labor submission.</td>
</tr>
</tbody>

5. **Force Account Equipment Summary Record** – Documents the total time a piece of equipment was operated during the selected time period (regular time and overtime). The form cross-references the equipment claimed with the operator’s name. Equipment time cannot exceed labor time. All employees must be cross-referenced with a piece of equipment in order to qualify for reimbursement. If an employee’s time was spent shoveling, please list them on the Force Account Equipment Summary Record even though there is no code, or rate, for shovels. This will avoid disqualification of the claim for their time reimbursement.

A truck, a plow, and a sander are three separate pieces of equipment, even if they are being utilized by the same person in the same time frame, and therefore, each piece must be listed separately. (Account for the actual hours that the sander was used and the actual hours that the plow was used.)

6. **Force Account Material Summary Record** – Identifies the actual quantity of materials used during the designated event time period. The calculation for the actual amount of materials used must be attached. Unit prices must be given and backup information provided, i.e. copy of invoice.

   - Date materials were purchased
   - Date materials were used (Indicate from stock or invoice.)
   - Attach invoices stating purchase date and unit prices

7. **Rented Equipment Summary Record** – Identifies equipment that was rented for this event only. If equipment was rented on a seasonal contract, only that portion of the rental fee occurring within the designated time period of the event is reimbursable. Rental contracts must be included.

   - Time period covered
   - Description of rented equipment
   - Dates and hours used
   - Rate per hour
   - Vendor name
   - Contracts/Agreements and invoices attached

A copy of all contracts must be attached and clearly show the contract duration and the per-hour or the per-event charges.

   - Time period covered
   - Description of the work performed
   - Dates and hours the contractor worked
