Legislative Update #5
April 18, 2023

The DMHAS legislative team is pleased to share the information below related to bills that may be of interest to the behavioral health community, thank you to those who have been able to assist with advocacy. This update contains information on bills that originated in committees other than the Public Health Committee, which we reported on in Legislative Update #4. After bills have been voted out of committees, if they have not been referred directly to another committee, they next go to either the House or Senate chamber for further action, usually meaning they will be scheduled for a debate and then voted on in that chamber. House bills (HB) go to the House Chamber first and senate bills (SB) go to the Senate Chamber first.
