<u>ABI/TBI DEFINITION</u>				
<p><i>An Acquired Brain Injury (ABI) is an injury to the brain that has occurred after birth, which results in any combination of focal and diffuse central nervous system dysfunction, both immediate and/or delayed at the brain stem level and above. This dysfunction of the central nervous system is acquired through the interaction of any external force and the body including blows to the head and violent movements of the body (Traumatic Brain Injury); as well as through oxygen deprivation; infection; toxicity; surgery; and vascular disorders not associated with aging. This dysfunction is not congenital, developmental, or degenerative.</i></p>				

*Person Making Referral:	Relationship:	Date:
*Agency: <small>(If yes, plz attach ROI)</small>	*Phone:	*Fax:
