The Connecticut Department of Mental Health and Addiction Services (DMHAS) does not discriminate against persons with disabilities in its services, programs, or activities and provides equal access and effective communication to clients and patients with disabilities in accordance with requirements of the Americans with Disabilities Act of 1990 (ADA) Title I and Title II.

DMHAS will make reasonable modifications to policies and programs to ensure that qualified persons with disabilities have equal access to all of its services, programs, and activities. For example, persons with disabilities using service animals are welcomed in public areas of DMHAS facilities.
