

# ADVANCED:

## 1. Knows how to access a map online and follow directions to a designated location:

There are several ways to access an online map to get directions from one place to another. Using a computer with internet access or a smart phone device, you can use <https://www.google.com/maps>, or use smart voice recognition on your phone, or use any other map/trip generating website or app.

Using Google Maps:

This is an example of a map from Capitol Region to Capital Community College. The symbols at the top can be chosen if you want driving directions, bus directions, walking directions, or bike directions! If you have access to this on your cell phone, you can use it in real time.

## 2. Knows how to access specialized transportation for medical appointments (medical cab, etc.)

### **A medical cab or non-emergency medical transportation (NEMT):**

Special transportation that will take you to/from medical and mental health appointments if you have no other way to get there

### **How do you qualify for this type of transportation?**

You can be eligible for NEMT or a medical cab if you receive health insurance through Medicaid or Husky A,C, OR D

### **Who is the current provider?**

Veyo is the current provider of this ride service, and a ride can be scheduled by calling 855-478-7350 during business hours. Call Veyo as soon as you learn about your appointment so they have as much time as possible to schedule your ride.

### **What information does Veyo need?**

Veyo will need several pieces of information from you to make your ride scheduling as smooth as possible. Information needed includes:

- Address of appointment
- Pick up/drop off address
- Level of transportation required (need to tell them if you use a wheelchair)
- Whether you will have a companion with you during the ride
- Your Medicaid plan information
