- 1. Call to Order:** Commissioner Hurlburt called the meeting to order at 1:10 p.m. Commissioner welcomed Council members and introductions were made.

- 3. Public Comment:** Mr. Chipkin commented on designated CT Grown wine program, feels that it is time to disband the program. Two different classes of wineries in Connecticut and new winery laws tighten market. Feels a united front of wineries with Passport program would be better suited. Ms. Auger commented that she agrees with some of what Mr. Chipkin says but for different reasons. CT Grown farm winery not in alignment with CT Grown program of 100%. Doesn't feel public acknowledges that designation. Mr. Ruggiero commented that if you are a legal winery, no need for additional tiers. Next few years he will reach over 51%, but not in favor of it. Mr. Edwards recommended that urban wineries should not be part of Passport, but need for tiers among farm wineries not necessary. Ms. Criollo reported that as a grower who qualifies for CT Grown designation feels that they earned it and are qualified to use it. Commissioner Hurlburt commented it was created in 2004 and percentage reduced to help grow the industry. Discussed marketplace changes over past 15 years in regards to farm wineries and breweries. Change in winery manufacturing permit will not be implemented until 7/1/20. Discussed reinvigorating CT Grown campaign in 2020. Discussion ensued over the CT Grown program and the history of the 25% and 51% CT Grown wine designation. Mr. Edwards asked if Passport booklet could have CT Grown

designation for all wineries if they are meeting legal licensed farm winery requirements. Further discussion was tabled for a future meeting.

4. Reports:

- a. **Legislative:** Mr. Edwards reported that CVWA has hired a new lobbyist, International Government Strategies – Mike Rell and Jim Aman. Met with Senator Witkos in late November to discuss concerns over SB 647. Made proposals including 1. If it's a true manufacturer, no tasting room but can sell direct to wholesale bucking three tier system. 2. Urban wineries with direct consumer can't sell direct to retailer. Tweaking tasting room reqs for 100,000 gallons, cracking SB 647 open. Waiting on interpretation from DCP on original wine manufacture permit allowances. If original legislation did not allow tasting room, Senator Witkos would implement same for new wine manufacturers. As of 1/1/20 brewers can only sell Connecticut wine. Commissioner Hurlburt confirmed that agency submitted legislative changes to OPM and will share more at next meeting.
