Governor Lamont Announces Plans to Ease Some COVID-19 Restrictions in Connecticut

Governor Ned Lamont announced that in the coming days he plans to revise some requirements that were implemented in Connecticut in the onset of the COVID-19 pandemic, particularly when it comes to those relating to capacity levels and travel restrictions.

The governor stressed that while some of these restrictions are being eased, all of the protocols that relate to face coverings, social distancing, and cleaning measures are being maintained, and people and businesses are urged to continue adhering to those health and safety procedures.
“While it is encouraging to see the number of cases in our state gradually going down and people getting vaccinated at rates that are among the highest in the nation, we need to continue taking this virus seriously to mitigate its spread as much as possible,” Governor Lamont said. “Please continue to wear face coverings in public and when around other people outside of your households, maintain social distancing, and keep washing your hands and cleaning surfaces. Connecticut has made tremendous strides to combat this pandemic, and we don’t want to lose the progress that we’ve made.”

For the full text and timeline of protocols that will be revised, click here.

FUNDS AVAILABLE FOR INNOVATIVE CONSERVATION PROJECTS

Thomas L. Morgart, State Conservationist for the USDA-Natural Resources Conservation Service (NRCS) in Connecticut, has announced the availability of funds for competitive grants through the Conservation Innovation Grants (CIG) Program. CIG seeks to spark the development and adoption of cutting-edge conservation technologies and approaches for farmers and other landowners.

The program enables NRCS to work with public and private entities to accelerate technology transfer and adoption of promising technologies and approaches to address some of the state’s most pressing natural resource concerns. CIG projects are expected to lead to the transfer of conservation technologies, management systems, and innovative approaches (such as market-based systems) to agricultural producers, into government technical manuals and guides, or to the private sector. CIG generally funds pilot projects, field demonstrations, and on-farm conservation research.

CIG awards are made through a competitive process. Projects may be single or multi-year but may not exceed three years. Projects must involve EQIP-eligible...
agricultural producers or landowners, and at least 50% of the total cost must come from non-federal matching funds, including in-kind contributions.

**Second Signup for USDA-NRCS Agricultural Conservation Easement Program**

Thomas L. Morgart, Connecticut State Conservationist for the USDA-Natural Resources Conservation Service (NRCS) announced a second signup for the agency’s *Agricultural Conservation Easement Program* (ACEP).

Enrolling agricultural land helps secure the future of the nation’s food supply, prevents it from being developed or going to a non-agricultural use, and provides public benefits including environmental quality, historic preservation, wildlife habitat, and protection of open space.

Land eligible for agricultural easements includes cropland, rangeland, grassland, pastureland, and non-industrial private forest land. Native American Tribes, state and local governments, and non-governmental organizations that have farmland or grassland protection programs are eligible to partner with NRCS to purchase conservation easements.

The ACEP Program has two components, one for Agricultural Land Easements (ALE), and one for Wetland Reserve Easements (WRE).

FARM BUSINESS PLANNING & BUDGETING WEBINAR

URI Cooperative Extension, the RI Small Business Development Center (RISBDC), and UMass and UConn Cooperative Extension invite you to these 1 hour webinars - to get you thinking more about your farm-based business, whether you are well-established or new.

Join us Thursday, March 11 from 4 to 5 p.m. for Session 2: Budgeting & Financial Planning. In this free session, we'll work through a budgeting/one-page financial planning tool to help farm business owners get a handle on their historical revenue and costs (by revenue stream) and plan for the year(s) to come.

FREE FARM SUCCESSION PLANNING WEBINAR

Land For Good is offering a FREE webinar series for farmers and farm families to learn the basics of farm succession planning, how to get started, where to find resources, ask questions of succession planning experts, and get support on this challenging process. Farmers from across New England of all farm sizes and enterprises are welcome.

March 16: Getting Started With Your Farm Succession Planning
March 23: Financial Considerations for Farm Succession Planning
March 30: Legal Considerations for Farm Succession Planning

Register now! Registration gives participants access to all of the webinars in this series, plus class worksheets and resources, as well as access to recordings of webinars. Click here for more information.

MULTI-BUSINESS DAIRY AGRITOURISM GRANT - DEADLINE EXTENDED

The first competitive grant round through the Northeast Dairy Business Innovation Center (NE-DBIC) is going live! The Multi-Business Dairy Agritourism Grant will fund projects to dairy farmers, processors and producer associations throughout New England, Delaware, New Jersey, New York, and Pennsylvania.

Projects that support multiple farmers and processors will be eligible for grant funds of $10,000 - $25,000 for the development and marketing of
Plans Announced to Ease COVID-19 Restrictions

geographically contiguous agritourism activities designed to raise awareness and consumption of regionally produced dairy products.

Applications are due by April 1, 2021 at 4:00 p.m. EST. Click here for more information.

**PPP LOANS AVAILABLE TO SMALL BUSINESSES THROUGH MARCH 10, 2021**

In order to reach the smallest businesses, The U.S. Small Business Administration will offer Paycheck Protection Program loans to businesses with fewer than 20 employees and sole proprietors only from Wednesday, February 24 through Wednesday, March 10, 2021. President Biden has also announced additional program changes to make access to PPP loans more equitable.

**Find a Lender:**

1. Get matched with a lender
2. Search for lenders in your area

**Identify a loan:**

1. First Draw PPP Loans: If you have not received a PPP loan before, First Draw PPP Loans are available to you.
2. Second Draw PPP Loans: If you have previously received a PPP loan, certain businesses are eligible for a Second Draw PPP Loan.

**FMNP Farmer Certification Meetings**

**FMNP FARMER CERTIFICATION MEETINGS**

All fruit, vegetable, and honey producers selling at Certified Connecticut Grown Farmers’ Markets must be certified with the Connecticut Department of Agriculture’s Farmers Market Nutrition Program (FMNP). To be certified, producers must attend a certification meeting.

The certification allows farms to accept the FMNP checks for fresh fruits, vegetables, and honey from WIC clients and income-eligible seniors over the
age of 60. Join us to get your certification, learn more about available grant funding for your farm, and accepting SNAP to expand your sales. Additional meeting dates have been added. Below is the current list of meeting dates which will all be held virtually via Microsoft Teams.

- Wednesday, March 9, 2021 from 8 a.m. - 10 a.m.
- Wednesday, March 24, 2021 from 3 p.m. - 5 p.m.

Questions can be directed to Erin Windham at [Erin.Windham@ct.gov](mailto:Erin.Windham@ct.gov) or 860-519-6083 or Haley Rowland at [Haley.Rowland@ct.gov](mailto:Haley.Rowland@ct.gov) or 860-895-3095.

**SPECIALTY CROP BLOCK GRANT APPLICATIONS NOW OPEN**

Connecticut's Specialty Crop Block Grant Program is now accepting applications for the 2021 program year. The goal of the Specialty Crop Block Grant Program is to solely enhance the competitiveness of specialty crops in domestic and foreign markets. An eligible plant must be intensively cultivated and used by people for food, medicinal purposes, and/or aesthetic gratification to be considered a specialty crop. The complete definition of specialty crops can be found on the USDA's website.

Eligible applicants include commodity groups, agricultural organizations, colleges and universities, municipalities, state agencies, and agricultural nonprofits. The USDA wants to see as many entities as possible benefit from these dollars during the three years in which the project can take place. As a result, individual farms or businesses are encouraged to apply and partner with other eligible applicants rather than apply themselves.

This is a reimbursement grant for research with awards up to $75,000. Completed applications must be sent to [AGR.Grants@ct.gov](mailto:AGR.Grants@ct.gov) by 4 p.m. on March 19, 2021. For more information on the Specialty Crop Block Grant Program and an example application, please visit the website, [www.ctgrown.gov/grants](http://www.ctgrown.gov/grants) and click on Specialty Crop Block Grant Program, or contact Haley Rowland at 860-895-3095 or [haley.rowland@ct.gov](mailto:haley.rowland@ct.gov).

**WEBINAR SERIES: IMPROVING PASTURE MANAGEMENT FOR SUSTAINABLE LIVESTOCK PRODUCTION**

Tri-State SARE (Sustainable Agriculture Research & Education) Project is offering a webinar series on improving pasture management for sustainable livestock production. The next webinar is on Wednesday, March 10 from 10:00 a.m. to 12:00 p.m. This project is a professional development opportunity for agricultural service providers and farmers provided by the Northeast SARE state programs in Connecticut, Massachusetts and Rhode Island.
Webinars are open to service providers and farmers. By attending all webinars, participants will have a sound understanding of how to develop a personalized grazing plan.

For more information, visit http://meatsystems.uconn.edu/ or contact Rachel Bespuda, Project Director, at rachel.bespuda@uconn.edu. To register, click here.

Looking to save jobs? CT DOL Shared Work Program offers a solution. The Shared Work program is an economic relief program available to Connecticut employers who are experiencing business downturns. It is a great alternative to laying off employees. For more information, please visit us at SharedWorkCT.com and chat with our Virtual Assistant, Sherry.

Job Opportunities

The Rhode Island Land Trust Council seeks a strategic and experienced leader to work with the Board to promote and grow the organization. The Executive Director will be a conservation advocate and champion able to partner with a strong grassroots network of land trust leaders, organizations, and community members across Rhode Island and New England. Details here.

Teach, Grow, and Learn with FoodCorps

The application is now open to serve with FoodCorps for the 2021-2022 school year. As a FoodCorps AmeriCorps service member, you’ll spend a year teaching kids about healthy food in schools through hands-on nutrition & garden lessons, promoting healthy school meals, and fostering a school-wide culture of health. Service members earn a stipend, a year’s worth of training and professional development resources, and a network of passionate food educators and school nutrition leaders. This is a great opportunity for folks who are committed to food justice, inspired by strong local communities, and creative in the face of a challenge- like serving during a pandemic.

FoodCorps is accepting applications until all service member positions are filled.
filled. First round interviews will begin as early as mid-March. Learn more and apply at www.foodcorps.org/apply.
