Upcoming Events

Coming up: Celebrate National Ag Week from March 20-26, National Ag Day on March 22, and Connecticut Ag Day on Friday, March 25 at the Governor William A. O'Neill State Amory in Hartford. Join us to recognize the dedication of our farmers and farm families who are proud stewards of our land, water and air as they Grow a Climate for Tomorrow. #AgDay22
Connecticut's Sugarhouses Open to Celebrate Maple Weekend, March 19-20

Connecticut's maple sugarhouses are celebrating Maple Weekend from March 19-20 with tours, demonstrations, and of course sampling and sales of one of nature's sweetest products. These are family-friendly events and an opportunity to meet some of the maple syrup producers responsible for Connecticut ranking 10th among maple syrup producing states.

In addition to the 19 participating sugarhouses, Maple Weekend includes the Hebron Maple Festival. This year the two-day event marks their 30th anniversary of celebrating maple syrup production. Held in the Hebron Library parking lot and town green right on Route 66, the event is outdoors and free to all attendees. Along with maple flavored food items there will be arts and crafts, games, and a loved-by-all tractor parade.

“March is maple month and Maple Weekend is an opportunity to celebrate this agricultural tradition,” said Agriculture Commissioner Bryan P. Hurlburt. “Go visit a sugarhouse or festival to see the process in person and purchase maple syrup to enjoy at home. It's not just for pancakes – try it on ice cream or as a glaze for sautéed carrots and parsnips.”

Connecticut is home to more than 250 maple syrup producers on a commercial level with many more enthusiasts who enjoy collecting sap from maple trees and boiled down to become maple syrup for their pancakes or other maple confections.
Connecticut maple producers bottle approximately 20,000 gallons of syrup per year – no easy feat as it takes approximately 40 gallons of sap to make one gallon of syrup. Mother Nature plays an integral role in production as freezing nights and warm, sunny days are necessary for the maple tree to yield sap. Maple syrup has four grades ranging from Grade A Golden Color with a delicate taste to Grade A Very Dark Color with a strong taste.

To learn more about Maple Weekend and find a participating location, visit ctmaple.org.

**2022 FARMLAND RESTORATION GRANT NOW ACCEPTING APPLICATIONS**

The Connecticut Department of Agriculture announces the 2022 Farmland Restoration Program (FLRP) grant guidance is now available at www.CTGrown.gov/grants. The application period will open in the near future and be accepted until April 12, 2022, at 4:00 p.m.

The FLRP is a competitive grant program. It provides matching funds (up to $20,000.00) to Connecticut farmers, landowners, non-profits, and municipalities to increase food and fiber production in the state by restoring lands into active agricultural production. The FLRP focuses on restoring and improving land with prime and important farmland soils, in accordance with a Farmland Restoration Program Plan.

Examples of potential restoration activities include:

- Reclamation of grown over pastures, meadows, and cropland
- Clearing/removal of trees, stumps, stones, and brush to create or restore agricultural use
- Fencing to keep livestock in reclaimed pasture areas and/or out of riparian areas
- Drainage of crop fields to improve cropland areas and restore water runoff patterns
- Irrigation and irrigation wells
- Enhancement of farm roads which service restoration areas
- Restoration of shellfish beds or aquaculture ponds

A virtual workshop to assist interested applicants in learning about the structure of the grant and application process will occur on Wednesday, March 23, 2022, at 10:00 a.m. via a Webex call. Please click here to register for the webinar. The presentation will be recorded and posted to the agency website if you are unable to attend the live event.

Grant guidelines and forms can be found at www.CTGrown.gov/grants. Additional details on match requirements and
the Farmland Restoration Program Grant can be directed to Lance Shannon at Lance.Shannon@ct.gov.

Funding for the Farmland Restoration Grant is made possible by Public Act 11-1, codified in Chapter 422 of the Connecticut General Statutes. The Farmland Restoration Grant and any awards are subject to the requirements and provisions of state funding.

CONNECTICUT URBAN AND SMALL SCALE AGRICULTURE WORKSHOP SERIES

The Connecticut Department of Agriculture in partnership with CT Agricultural Experiment Station, UConn Extension, FEMA, and USDA are hosting a webinar series for Connecticut Urban and Small Scale Agriculture on March 29, 2022 from 7-8:15 p.m.

Please join us for the second in the series for a conversation on the importance of business and crop plans, resources for help in creating them, and how state and federal grants can be utilized to further your business/organizational goals.

In this webinar there will be presentations by DoAg staff and other guests followed by group discussion focused on sharing resources and experiences with creating business and crop plans. Come join and help make this a robust discussion!

A complete agenda will be posted to DoAg’s webpage for the series [HERE](https://bit.ly/3iaFZp1) prior to the event.

PROPOSED CENTER FOR FOOD INNOVATION SEEKS COMMUNITY INPUT

The University of Connecticut (UConn) is exploring the creation of a Center for Agriculture and Food Innovation to help businesses in this sector. This center will support startups and established food manufacturers, farm-based or otherwise, looking to expand and innovate with their products.

UConn’s College of Agriculture, Health and Natural Resources (CAHNR) is leading efforts related to the potential Center and this effort to gain feedback from the business community through this survey.

This work is a collaboration between CAHNR, the Connecticut Department of Agriculture, and the UConn School of Business.

The team behind this effort has developed a survey for food manufacturers, including pet food companies, wineries, and breweries to assess their needs and help inform the development of a potential innovation center.

The survey will take approximately five to 10 minutes and can be completed on a smart phone, computer, or other device with internet access.

*Click here to complete the survey.*
FUNDS AVAILABLE FOR FY2022 INNOVATIVE CONSERVATION PROJECTS IN CONNECTICUT

Thomas L. Morgart, Connecticut State Conservationist for the USDA-Natural Resources Conservation Service (NRCS) has announced the availability of funding for FY2022 Conservation Innovation Grants (CIG). CIG seeks to spark the development and adoption of cutting-edge conservation technologies and approaches for farmers and other landowners.

Applicants must submit their applications via Grants.gov (search for Funding Opportunity Number USDA-NRCS-CT-CIG-22-NOFO0001157) by 11:59 pm Eastern Time on April 29, 2022. For technical issues with Grants.gov, contact Applicant Support at 1-800-518-4726 or support@grants.gov. Awarding agency staff cannot support applicants regarding Grants.gov accounts. Please limit questions to those regarding specific information contained in this Notice of Funding Opportunities (NFO), such as dates, page numbers, clarification of discrepancies, etc. Questions related to eligibility or the merits of a specific proposal will not be addressed.

Applicants are encouraged to visit the CT State CIG website to learn more about the CIG program.
2022 AGRICULTURE APPLICATIONS NOW OPEN TO EXHIBIT AT THE CONNECTICUT BUILDING AT BIG E

The Connecticut Department of Agriculture (DoAg) is now accepting vendor applications for the agriculture booth spaces in the Connecticut Building at The Big E, September 16-October 2, 2022, with the purpose of providing Connecticut farms, small agricultural businesses, and agricultural non-profit organizations the opportunity to market and promote their products and/or service.

This is a unique opportunity for agricultural businesses, non-profits, and other entities with an agricultural mission to showcase the diversity of Connecticut agriculture to over one million attendees who come through the Connecticut Building. Connecticut Day will take place on Wednesday, September 21, 2022, and Harvest New England Day will be held on Friday, September 30, 2022.

Interested applicants are encouraged to review the exhibitor guidelines, and submit a completed application by 4:00 p.m. on Friday, March 25, 2022. Licensed Connecticut farm wineries interested in having their wines available by the glass will be receiving a separate application to participate.

Guidelines and Application here.

For more information, please contact Rebecca Eddy at Rebecca.Eddy@ct.gov, or 860-573-0323.

USDA VALUE-ADDED PRODUCER GRANTS PROGRAM

The Value-Added Producer Grant (VAPG) program helps agricultural producers enter into value-added activities related to the processing and marketing of new products. The goals of this program are to generate new products, create and expand marketing opportunities and increase producer income.

You may receive priority if you are a beginning farmer or rancher, a socially-disadvantaged farmer or rancher, a small or medium-sized farm or ranch
Grants are awarded through a national competition. Each fiscal year, applications are requested through a notice published in the Federal Register and through an announcement posted on Grants.gov. Program Period varies for paper applications which must be postmarked by May 2, 2022. Applications are permitted via Grants.gov and must be received by 11:59 p.m. Eastern time on April 25, 2022.

Click here for more information.

CONNETICUT AGRICULTURAL EDUCATION FOUNDATION SCHOLARSHIP

The 2022 scholarship application from Connecticut Agricultural Education Foundation is now live. **The application deadline is June 1, 2022.** This annual scholarship is for Connecticut students who are pursuing a career in agricultural education and/or have goals to further agriculture across the state.

Learn more here.

BEER, WINE, AND SPIRITS BUYERS MISSION

Are you seeking new growth opportunities for your business? The Connecticut Department of Agriculture partners with Food Export USA–Northeast (Food Export–Northeast), a non-profit organization that assists U.S. companies looking to start or expand export sales. Through this partnership, we aim to maximize your success through programs and services in Export Education, Market Entry, and Market Promotion.

Food Export Northeast provides market intelligence, education, assistance, tools, and financial support for novice to seasoned U.S. food companies that help them find growth opportunities and build dynamic export strategy programs to achieve international success.

Currently, we are seeking Connecticut companies for participation in the **Beer, Wine, and Spirits Buyers Mission at the National Restaurant Association Show taking place in Chicago on May 22, 2022.** Hosted by Food Export Midwest in partnership with the National Restaurant Association the show attracts over 4,000 exhibitors and 40,000 attendees and is your opportunity to develop and expand your business with international buyers who have expressed interest in a variety of U.S. products, including wine, beer, spirits, and cocktail ingredients.

You’ll have the opportunity to meet with up to eleven (11) pre-qualified buyers from around the world in pre-arranged, one-on-one meetings right here in the U.S., generate new sales leads, and build relationships with key industry players! It’s the perfect low-cost opportunity to meet qualified buyers from around the world in one place!

The early registration fee is $300.00 and you must have a National Restaurant Association Show badge to participate in this Buyers Mission.

For questions or more information, please contact Erin Windham with the Connecticut Department of Agriculture at Erin.Windham@ct.gov or 860-519-6083.
USDA, CORNELL HOST FIRST NATIONAL HEMP WEBINAR SERIES

Lectures will be given by various hemp research experts from academia, research laboratories, production facilities, and private industry:

- March 23 – The Endocannabinoid System: Ethan Russo M.D
- April 6 – Hemp Food Science: Hunter Friedland
- April 20 – Hemp Diversity/Genetics: Dr. Daniela Vergara
- May 4 – Economics of Hemp Production: Dr. Tyler Mark

The webinars will occur every other Wednesday from 2 p.m. – 3 p.m. EST and include an interactive Q&A session. Registration is required.
The Connecticut Department of Agriculture is seeking producer feedback on the 2021 CT Grown campaign. The short survey will take approximately three minutes to complete. We value and appreciate your input as we work together to strengthen CT Grown.

Take the survey.

If you are looking for more information or how to download the new CT Grown logo, please visit [www.CTGrown.org](http://www.CTGrown.org).

To add your agricultural business, farm stand, or farmers’ market to the interactive map, please enter your information through the [CT Grown Map Google Form](http://CT Grown Map Google Form). There is no fee to participate and applications are accepted year round.

**MEAT AND POULTRY PROCESSING EXPANSION PROGRAM**

The Meat and Poultry Processing Expansion Program (MPPEP) provides grants to help eligible processors expand their capacity. USDA Rural Development designed the MPPEP to encourage competition and sustainable growth in the U.S. meat processing sector, and to help improve supply chain resiliency.

Grant funds can be used to expand processing capacity by supporting activities such as:

- Building new – or modernizing or expanding existing – processing facilities
- Developing, installing, or modernizing equipment and technology
- Ensuring compliance with packaging and labeling requirements
- Upholding occupational and other safety requirements
- Modifying facilities or equipment to protect food safety
- Paying for voluntary grading services on value-added processed products
- Offsetting costs associated with becoming an inspected facility
- Supporting workforce recruitment, training, and retention

Applications must be submitted by April 11, 2022 by 11:59 PM EST.

For more information visit the USDA website.
