Gender Specific for: BOTH; RT Program Code: FL
Open Close: True, Session Group: False, Session Numbers: 1, Evidence Based: False

Description:
This program offers an integrated system of care for inmates who have been sentenced to a period of three months or more, who have substance use issues (drug/alcohol score of 3 or higher), co-occurring mental health issues (mental health score of 3 or lower), and physical health concerns (medical score of 1 or higher). The inmates are expected to be released into the greater New Haven community within a four to six-month period of time and must be committed to working with the Living Free Program’s Peer Advocates on various re-entry issues and concerns. Living Free will meet with each inmate at their designated facility for a structured four step process to ideally enroll and assess their needs for addiction, mental health, and/or medical treatment and care. If enrolled, the final step of this program is to bring the inmate on an “escorted visit” from their designated facility to the ForDD Clinic to meet with their treatment providers and Peer Advocate for discharge planning prior to their release date. Once released, each inmate is expected to attend weekly appointments with the treatment providers and Peer Advocates at the ForDD Clinic.
