Description:

The Rikers Debate Project (RDP) teaches competitive debate skills- including communication, conflict resolution, and public citizenship- to students held in Rikers Island jail and York Correctional Facility. RDP's modular curriculum helps our students advocate for their political interests, resolve conflicts peacefully and productively, and empathize with a variety of perspectives. Debate classes pair lessons about argumentation and logical reasoning with discussions of contemporary civic and political issues. Lesson goals are delineated for novice, intermediate, and advanced students, and we work hard to keep the RDP volunteer- student ratio small.

Description:

This program offers an integrated system of care for inmates who have been sentenced to a period of three months or more, who have substance use issues (drug/alcohol score of 3 or higher), co-occurring mental health issues (mental health score of 5 or lower), and physical health concerns (medical score of 1 or higher). The inmates are expected to be released into the greater New Britain community within a four to six-month period of time and must be committed to working with the Step Forward Program's Community Advocates on various re-entry issues and concerns. Step Forward will meet with each inmate at their designated facility for a structured four step process to ideally enroll and assess their needs for addiction, mental health, and/or medical treatment and care. If enrolled, the final step of this program is to bring the inmate on an "escorted visit" from their designated facility to the CT Mental Health Affiliate's Clinic to meet with their treatment providers and Community Advocate for discharge planning prior to their release date. Once released, each inmate is expected to attend weekly appointments with the treatment providers and Peer Advocates at the CMHA Clinic.
