November 5, 2020

To All Volunteer, Intern and Professional Partner Applicants:

As you are aware Connecticut has confirmed cases of the Coronavirus (COVID-19). The Connecticut Department of Correction cares about the well-being of our staff, the inmate population and our potential VIPs (Volunteers, Interns and Professional Partners). In order to keep everyone (you, our staff, the offenders and the public) safe, and due to the precautions issued by Governor Ned Lamont’s office and the Center for Disease Control and Prevention for COVID-19, the Department of Correction has suspended all VIP programs and will not be processing any NEW applications until further notice.

Sincerely,

Calma Frett

Calma Frett, Counselor Supervisor
Volunteer Services/Program and Treatment Units
