

Notice of Application Completion

Congratulations on completing your UniteCT application. Your Case Number is _____

In order to be eligible for funding, both the tenant and landlord need to submit their parts of the application. Once both applications are complete, they will be reviewed by a Case Review Team. **To check the status of your application, log into your portal and click the "Case" tab.**

If your application is assigned to "UniteCT" as a Case Review Team, this means your application is incomplete. Please reach out to a UniteCT Resource Center (contact information on our website) who can help update your application. Once your Case Review Team is assigned, they will reach out directly if they have any questions about your application.

Once the tenant and landlord have submitted successful applications **and** a Case Review Team has been assigned, payments can be expected in approximately 10-14 business days. If the applicant is missing information, the process will be delayed.
