## CONNECTICUT DEPARTMENT OF LABOR REPORT ON THE SUBSIDIZED TRAINING AND EMPLOYMENT PROGRAM

Submitted by  
Interim Commissioner Danté Bartolomeo  
Connecticut Department of Labor

To the Joint Standing Committees on  
Labor, Appropriations, Commerce and Finance, Revenue and Bonding

JANUARY, 2021

---

## LEGISLATIVE CHARGE

---

CGS 31-3pp requires the Labor Commissioner to report twice annually to the joint standing committees of the General Assembly having cognizance of matters relating to finance, revenue and bonding, appropriations, commerce and labor, on (1) the number of small businesses that participated in the Subsidized Training and Employment program, the general categories of such businesses, (2) the number of small manufacturers that participated in the Subsidized Training and Employment program, the general categories of such manufacturers, (3) the number of individuals that received employment, and (4) the most recent estimate of the number of jobs created or maintained.

Public Act 22-67: An Act Concerning Technical and Other Changes to the Labor Department Statutes changes this reporting requirement from twice annually to once annually by October 1 and only in fiscal years in which programs are awarding grants.

## REPORT

---

The Subsidized Training and Employment program (STEP UP) was created as part of Public Act #11-1 and Public Act #12-1, both the result of Special Sessions held to stimulate job creation. The Step Up program data provided below represents cumulative data from the first hire as a result of the program (February 2012) through 2020.

1. The number of small businesses that participated in STEP UP and the general categories of such businesses:
  - a. The total number of unduplicated small businesses that participated in the STEP UP program was 849.
  - b. The top five general categories of small businesses include Construction, Finance and Insurance, Health Care, Child Care, and Accommodations and Food Services.
2. The number of small manufacturers that participated in STEP UP and the general categories of such manufacturers:
  - a. The total number of unduplicated small manufacturers that participated in the STEP UP program was 363.
  - b. The top five general categories of small manufacturers include Printing, Machine Shops, Precision Manufacturing, Plating, and Other Manufacturing.
3. The number of individuals that received employment:
  - a. The total number of individuals that participated in the STEP UP program was 5,191.
4. The most recent estimate of the number of jobs created or maintained:
  - a. The total number of jobs created by the STEP UP program was 2,129.

This report demonstrates no change in total businesses or individuals served since the prior reporting period as all funds related to the Subsidized Training and Employment program were fully obligated as of June 2019. Absent new funding, no change in service numbers is anticipated.
