## ENGINEERING BULLETIN

---

Engineering Administrator

### **Owned Special Provisions Reposted**

The Owned Special Provisions have been reposted to Office 365 SharePoint at [Owned Special Provisions](#). This is a library of recurring special provisions for use on ConnDOT Projects. These special provisions are not to be altered without the consent of the owner (author).

Upon issuance of this Bulletin, the ProjectWise folder *04.00 - Engineering Libraries\Owned Special Provisions* will be restricted to prevent use of outdated special provisions. Moving forward, the authoritative source of all special provisions will be the Office 365 SharePoint folder [Owned Special Provisions](#).
