DECISION

I. INTRODUCTION

A. APPLICATION

By application filed on February 7, 2017, with the Department of Transportation (hereinafter "department"), pursuant to Section 13b-103 of the Connecticut General Statutes, as amended, Noank Community Support Services, Inc. (hereinafter "applicant") located at 306 Thames Street, Groton, Connecticut 06340, seeks authorization to operate two (2) motor vehicles, having a seating capacity of less than eleven (11) passengers, for the transportation of passengers for hire by virtue of a contract with, or a lower tier contract for, any federal, state or municipal agency between all points in Connecticut from a headquarters in Groton.

B. HEARING

Pursuant to Connecticut General Statutes, Section 13b-103(a) (3), as amended, a public hearing on this application was held on April 11, 2017.

Notice of the application and of the hearing to be held thereon was given to the applicant and to such other parties as required pursuant to Connecticut General Statutes Section 13b-103(a)(1), as amended. Legal notice to the public was given by publication on the department's website.

A hearing officer designated by the Commissioner pursuant to Connecticut General Statutes Section 13b-17 conducted the hearing on this matter.

C. APPEARANCES

Regina Moller appeared pro se on behalf of the applicant. The applicant's address is 306 Thames Street, Groton, Connecticut 06340.

II. FINDINGS OF FACT

1. The applicant is seeking to perform contract work for the Department of Children and Families (hereinafter "DCF") with two (2) vehicles.
2. The applicant has an executed contract with the Department of Children and Families to provide transportation services.
3. Judith Jordan, Director of Contract Management for the Department of Children and Families, testified in support of the applicant's request for authority for two (2) livery vehicles to provide transportation for DCF under contract.
4. The two (2) livery vehicles requested by DCF will provide transportation for students to visitation, medical appointments and for social events.

5. The applicant's expenses for the first six months of operation include insurance of \$1,520 and maintenance of \$700 for a total expense of \$2,200.

6. The applicant has \$165,464 in a Citizens Bank account.

7. This application was not opposed.

III. DISCUSSION

The department has jurisdiction over each person, association, limited liability company or corporation owning or operating a motor vehicle in livery service, pursuant to Connecticut General Statutes Section 13b-102, as amended.

In determining whether a livery permit should be granted, the department shall take into consideration the present or future public convenience and necessity. The applicant must prove that the public's convenience and necessity will be improved by the proposed service. Additionally, the applicant must show the suitability of the applicant or the suitability of the management if the applicant is a limited liability company or corporation, the financial responsibility of the applicant, the ability of the applicant efficiently and properly to perform the service for which authority is requested and the fitness, willingness and ability of the applicant to conform to the provisions of the statutes and the requirements and regulations of the department thereunder, in accordance with Connecticut General Statutes Section 13b-103.

To show financial suitability, the applicant submitted information that the applicant has cash of \$165,464. The applicant has start-up expenses of \$2,200. The applicant has sufficient funds to operate during the six month start-up period.

Regarding the applicant's suitability, a criminal record check for the three owners of the applicant company which show no convictions was submitted. The applicant already provides transportation services for DCF and is suitable for this expanded service.

The final element that needs to be proven is that there is an executed contract with the Department of Children and Families. Judith Jordan testified as to the need for this livery service and the fact that an executed contract was already issued. The applicant currently operates three (3) vehicles for DCF clients and is unable to keep up with the volume of work. Based on the evidence presented, the applicant will be granted the authority to operate the two (2) vehicles that DCF has requested.

IV. ORDER
