# Bridge Life Cycle Cost Analysis

$$PV = FVN / (1 + DR)^N$$

PV= Present Value

FVN= Future Value at time N

DR= Discount Rate = 2.6%

N= Period (Years)

## **Alternate A - Major Rehabilitation**

Superstructure Strengthening, Seismic Retrofit, Bearing Replacement, Deck Replacement, Substructure Repair & Spot Painting

<u>Item</u>	<u>Present Value</u>	<u>Discount Rate</u>	<u>Period (Years)</u>	<u>Future Value</u>
Major Rehabilitation (25 Year Service Life)	\$19,800,000	2.60%	0	\$19,800,000
<i>Temporary Bridge</i>				
Mechanical/Electrical Repair/Replacement (Year 10)	\$2,707,662	2.60%	10	\$3,500,000
Milling and Paving (Year 15)	\$74,848	2.60%	15	\$110,000
Mechanical/Electrical Repair/Replacement (Year 20)	\$2,094,695	2.60%	20	\$3,500,000
Rehabilitation Project (Year 25)	\$4,527,041	2.60%	25	\$8,600,000
<i>Full Structure Painting</i>				
<i>Superstructure Rehab/Repair</i>				
<i>Substructure Patching</i>				
Milling and Paving (Year 30)	\$50,930	2.60%	30	\$110,000
Mechanical/Electrical Repair/Replacement (Year 30)	\$1,620,493	2.60%	30	\$3,500,000
Full Structure Replacement (Year 40)	\$12,822,969	2.60%	40	\$35,800,000
Milling and Paving (Year 55)	\$51,182	2.60%	55	\$210,000
Full Structure Painting/Minor Repair (Year 65)	\$1,131,287	2.60%	65	\$6,000,000
Milling and Paving (Year 70)	\$34,826	2.60%	70	\$210,000
Salvage (Residual Value)	-\$3,646,599	2.60%	75	-\$25,000,000
<b>Total Cost</b>	<b>\$41,269,335</b>			

## **Alternate B - Complete Structure Replacement**

<u>Item</u>	<u>Present Value</u>	<u>Discount Rate</u>	<u>Period (Years)</u>	<u>Future Value</u>
Complete Replacement (75 Year Service Life)	\$35,800,000	2.60%	0	\$35,800,000
Milling and Paving (Year 15)	\$142,892	2.60%	15	\$210,000
Full Superstructure Painting/Minor Repair (Year 25)	\$3,158,401	2.60%	25	\$6,000,000
Milling and Paving (Year 30)	\$97,230	2.60%	30	\$210,000
Milling and Paving (Year 45)	\$66,159	2.60%	45	\$210,000
Rehabilitation Project (Year 50)	\$3,325,165	2.60%	50	\$12,000,000
<i>Full Superstructure Painting/Repair</i>				
<i>Substructure Repair/Rehabilitation</i>				
Milling and Paving (Year 60)	\$45,017	2.60%	60	\$210,000
Salvage (Residual Value)	-\$1,203,378	2.60%	75	-\$8,250,000
<b>Total Cost</b>	<b>\$41,431,486</b>
