

LIST OF PREPARERS

9.1 FEIS PREPARATION

The following agencies, firms and individuals contributed to the technical preparation of the FEIS, including collection, analyses and presentation of the data provided, herein.

FEDERAL HIGHWAY ADMINISTRATION

**U.S. Department of Transportation
Federal Highway Administration
628-2 Hebron Avenue, Suite 303
Glastonbury, CT 06033-5007**

MICHAEL CULP Office of Project Development and Environmental Review	FHWA Headquarters Washington, DC
---	-------------------------------------

AMY JACKSON-GROVE Program Manager, PR&E (former)	FHWA Division Office Glastonbury, CT
--	---

MARLYS OSTERHUES Office of Project Development and Environmental Review	FHWA Headquarters Washington, DC
---	-------------------------------------

ROBERT W. TURNER, P.E. Environmental Engineer	FHWA Division Office Glastonbury, CT
--	---

CT DEPARTMENT OF TRANSPORTATION

Bureau of Policy and Planning
2800 Berlin Turnpike
Newington, CT 06131-7546

MARK ALEXANDER Project Manager	Office of Intermodal and Environmental Planning Newington, CT
-----------------------------------	--

PAUL CORRENTE Transportation Planner	Office of Intermodal and Environmental Planning Newington, CT
---	--

CINDY HOLDEN Assistant Director	Office of Intermodal and Environmental Planning Newington, CT
------------------------------------	--

EDGAR HURLE Director	Office of Intermodal and Environmental Planning Newington, CT
-------------------------	--

MAGUIRE GROUP, INC.

1 Court Street
New Britain, CT 06051

GUS COLANTONIO, P.E. Chief Engineer	35 years experience • specialization in highway design; drainage; utilities; construction impacts, traffic maintenance/protection
--	---

DAVID FREUDENRICH, P.E. Senior Transportation Engineer	20 years experience • specialization in air quality modeling, analysis and compliance; noise studies; traffic studies
---	---

PETER GRISWOLD, P.E. Principal Engineer	27 years experience • specialization in highway design; drainage; utilities; construction impacts; rights-of-way; erosion control
--	---

DANIEL HAGEMAN, PSS Principal Planner/Scientist	14 years experience • specialization in wetlands delineation and evaluation; soils; aquatic/terrestrial habitat assessment; mitigation
--	--

KATHLEEN HALL Project Manager	10 years experience • specialization in project management; geology; surface/groundwater resources; ecological studies; Section 4(f) documentation; mapping technologies/GIS
----------------------------------	--

DEREK KOHL, P.E. Project Director (former)	12 years experience • specialization in project oversight; highway engineering/design; drainage; erosion control; mapping; cost estimating
--	--

JEFFREY LEMAY, E.I.T Senior Highway Engineer	8 years experience • specialization highway engineering and design; drainage; erosion control; hydraulic analysis
STEPHEN LECCO. Senior Environmental Planner (former)	11 years experience • specialization in air quality modeling; noise studies; wetlands; impact assessment; transportation planning for the DEIS
KRISTA MORAVEC, AICP Senior Planner	8 years experience • specialization NEPA, land use planning, transportation planning, noise impacts analysis, GIS
CARL MUELLER, LA Principal Landscape Architect, (retired)	28 years experience • specialization in land use analysis/planning; visual/aesthetic resources; socioeconomics; recreation planning
ROBERT OSTERMUELLER Senior Project Manager	36 years experience • specialization in NEPA; impact assessment; regulatory compliance; quality control
GREGG ROTUNDO GIS Planner II	6 years experience • specialization in GIS mapping; graphics displays; Global Positioning Systems applications
NANCY SHEA, AICP Principal Planner (former)	18 years experience • specialization in NEPA; impact assessment; regulatory compliance; wetlands; land use; technical editing
EDWARD SPINARD, P.E., AICP Principal Planner	28 years experience • specialization in stormwater management and renovation; water quality; water supply; groundwater resources
ROBERT WARDWELL, AICP Vice President (former)	25 years experience • specialization in NEPA; impact assessment; regulatory compliance; transportation planning; quality control
DAVID WESTCOTT, AICP Chief Environmental Planner	26 years experience • specialization in wetlands; ecology; habitat assessment; land use; NEPA; regulatory compliance; permitting
SHANNON WINDISCH Environmental Scientist (former)	4 years experience • specialization in surface and groundwater resources; land use/property issues; site reclamation/remediation for the DEIS
ANTHONY ZEMBA, CHMM Senior Environmental Scientist	19 years experience • specialization in habitat assessment; wildlife; ecology; hazardous waste site contamination; risk assessment

WILBUR SMITH ASSOCIATES.

THOMAS ERRICO, P.E.
Senior Transportation Engineer

13 years experience • specialization in traffic engineering; traffic signal design; transportation corridor planning and engineering

JAMES DIB, P.E.
Transportation Engineer

12 years experience • specialization in highway design; highway corridor planning; transportation engineering; cost estimating

SHARAT K. KALLURI, P.E.
Senior Transportation Engineer

6 years experience • specialization in transportation engineering; highway design; highway corridor planning

MICHAEL MOREHOUSE
Transportation Analyst

5 years experience • specialization in transportation engineering; modeling and simulation; corridor planning; safety analysis

PAUL SMITH, P.E.
Senior Associate

27 years experience • specialization in highway design; cost estimating; transportation corridor planning

HARRY STRATE, P.E.
Project Transportation Manager

27 years experience • specialization in transportation planning and engineering; economic feasibility analysis; highway safety

KARI WATKINS, E.I.T
Transportation Analyst

2 years experience • specialization in transportation engineering transportation corridor planning; economic studies

ARCHAEOLOGICAL AND HISTORICAL SERVICES, INC.

BRUCE CLOUETTE, PHD
Historian

27 years experience • specialization in historic architectural survey; impact assessment; National Register of Historic Places listings; Coordination with the State Historic Preservation Office.

DANIEL FORREST
Archaeologist

12 years experience • specialization in archaeological survey; excavation, mapping; construction impact mitigation; mapping; GIS

MARY HARPER
Director and Senior Researcher

29 years experience • specialization in archaeological and historic resources research and management; highways; impact mitigation

BRIAN JONES, PHD
Archaeologist

15 years experience • specialization in archaeological survey; GIS; excavation, construction impact mitigation; data base management

WILLIAM KEEGANS
Consultant: Keegans Assoc.

4 years experience • specialization in GIS data compilation and development for archaeological and historic resources

KKO AND ASSOCIATES, INC.

DAVID NELSON
Transit Planner

20 years experience • specialization in public transit operations
analysis and planning

GERRY PIERI
Transit Planner

34 years experience • specialization in rail operations and transit
planning

GEOFF SLATER
Transit Planner

16 years experience • specialization in public transportation
planning

FITZGERALD & HALLIDAY, INC.

ANGELA BELTA
Planner

4 years experience • specialization in transportation planning;
traffic data collection and reduction and traffic analysis

MARY MANNING, P.E.
Transit Planner

10 years experience • specialization in traffic analysis;
transportation planning and engineering

ENVIRONMENTAL SETTLEMENTS

WILLIAM HUMM
Environmental Consultant

26 years experience • specialization in NEPA and impact assessment
for the DEIS

VN ENGINEERS

CRAIG LANPHEAR, E.I.T.
Traffic Engineer

3 years experience • specialization in highway and traffic design
and engineering and traffic studies
