

MEMORANDUM OF FINDINGS AND DETERMINATION

To: Connecticut Council on Environmental Quality, Environmental Monitor

From: Kevin Fleming, Transportation Planner 2
Department of Transportation
Office of Environmental Planning

Date: August 8, 2017

Subject: CEPA Findings - Intersection Improvements on Route 74 and Route 195
Tolland Green Historic District – Tolland, CT

On November 17, 2015 the Connecticut Department of Transportation (CTDOT) published a Notice of Scoping in the *Environmental Monitor* to solicit public comments for the subject project. A public scoping meeting was held on December 10, 2015; and the public scoping period concluded on December 24, 2015. CTDOT received comments from the Department of Public Health, the Department of Energy and Environmental Protection, the Tolland Historical Society, and seven (7) members of the public.

Attached is the Environmental Assessment Checklist for the above referenced project. The issues/concerns raised by the various State agencies are included in the attached Environmental Assessment Checklist.

Based on the comments received, and the attached Environmental Assessment Checklist, CTDOT has concluded that this project does not require the preparation of an Environmental Impact Evaluation under CEPA. Should you have any questions or concerns, please contact me at (860) 594-2924.
