Memorandum of Findings and Determination
Stamford, CT

On July 11, 2017 the Connecticut Department of Transportation (CTDOT) published a Notice of Scoping in the *Environmental Monitor* to solicit comments for the subject project. The scoping period concluded on August 11, 2017. During this time, CTDOT received comments from the Connecticut Department of Public Health, and the Connecticut Department of Energy and Environmental Protection.

Based on the comments received, and the analysis documented in the attached Environmental Checklist, CTDOT does not recommend the preparation of an Environmental Impact Evaluation under the Connecticut Environmental Policy Act. Comments and recommendations received were reviewed in conjunction with the preparation of the Environmental Checklist and addressed within the checklist, as appropriate.
