

# State of Connecticut

## TRAFFIC RECORDS COORDINATING COMMITTEE (TRCC)

CHARTER

---

# CHARTER

## Objective

To create an inter-agency traffic records committee composed of all agencies involved in highway safety for the purpose of providing direction on all matters related to the State of Connecticut Traffic Records System.

## Mission

Promote the effective use of information technology in support of the highway safety goals and objectives of the State. The CT\_TRCC will adopt a global view of the data required to make the business of highway safety work and develop information systems and business processes that promote the sharing of highway safety data among all agencies involved. We will support data improvements that eliminate duplication, improve uniformity, promote electronic data collection, and facilitate data access and use.

## Goal

Ensure that accurate, complete, and timely traffic safety data is collected, analyzed, and made available for decision making among appropriate partners.

## Memorandum of Understanding

(I) Have authority to review any of the State's highway safety data and traffic records systems and any changes to such systems before the changes are implemented;

(ii) Consider and coordinate the views of organizations in the State that are involved in the collection, administration, and use of highway safety data and traffic records systems, and represent those views to outside organizations;

(iii) Review and evaluate new technologies to keep the highway safety data and traffic records system current; and

(iv) Approve annually the membership of the TRCC, the TRCC coordinator, any change to the State's multi-year Strategic Plan required under paragraph (c) of this section, and performance measures to be used to demonstrate quantitative progress in the accuracy, completeness, timeliness, uniformity, accessibility or integration of a core highway safety database.
