Subject: Connecticut FY 2021-24 STIP Amendment #38 (Transit Only) Approval

Dear Commissioner Giulietti:

The Federal Transit Administration (FTA) has completed our review of the Connecticut DOT State Transportation Improvement Program (STIP) Amendment #38, transmitted on June 20, 2022 for changes to the FFY 2021-2024 STIP.

In accordance with the 1990 Clean Air Act Amendments, a conformity determination is not needed since the projects in these amendments either fall under the air quality conformity exemptions for Mass Transit (40 CFR §93.126, Table 2) or have been modeled and included in the State’s air quality analysis.

After review of this amendment, we make the following determinations:

1. The projects in the STIP are based on a planning process that substantially meets the requirements of Title 23 U.S.C. 134 and 135, 49 U.S.C. Section 5303-5305, and 23 C.F.R. 450 Subparts A, B, and C.
2. The component TIPs are based on a continuing, comprehensive transportation planning process carried on cooperatively with the State, the MPOs, and the transit operators in accordance with the provisions of 23 U.S.C. 134 and 135 and 49 U.S.C. 5303-5305.
3. The changes called for in this STIP amendment maintain financial constraint as required under 23 CFR 450.216(m).

On behalf of the Federal Highway Administration, the FTA has determined that the STIP, as revised, substantially meets all requirements and is hereby approved. Please contact Leah Sirmin (617-494-2459 | leah.sirmin@dot.gov) if you have any questions.

Sincerely,

PETER SHANNON BUTLER
Regional Administrator
