

September 14, 2022

This communication is being sent to all key contacts at provider organizations administering JYNNEOS vaccine--please read this message in its entirety. Please feel free to share it with others in your organization who may benefit from the update. Note that all our communications will be archived on our web site.

Dear JYNNEOS Vaccine Providers,

Many thanks to our network of vaccine depots and community vaccine providers. Please see important information below.

Attached is a copy of the [Provider Agreement](#) for the Monkeypox Vaccination Program developed by the Administration for Strategic Preparedness & Response (ASPR) and Centers for Disease Control and Prevention (CDC).

Your organization is expected to comply with all of its requirements. Upon any use of the JYNNEOS™ or ACAM2000® vaccine provided at no cost by the US government, the provider and provider's organization (Organization) will be deemed to have agreed to comply with the requirements of the Provider Agreement, including any updates.

Please note that no signature is required for this provider agreement.

The CT Department of Public Health updated the *Monkeypox Provider Manual (9/12/2022)*. Now that the Monkeypox Provider Agreement is available, that section has been updated to incorporate the document. The updated section is clearly indicated in the manual; the manual will also be posted [here](#).

The provider agreement will be discussed during the biweekly provider office hours held Wednesday 9/21/2022. Please see the access link below if you do not already have it.

Thank you for all your ongoing work and support.

If you would like to unsubscribe from these communications, please send an email to Dph.immunizations@ct.gov with the subject line "Unsubscribe from monkeypox provider communications".
