Credit Computation

Beginning in Income Year 2013, the donation of land for educational use tax credit has been incorporated into the donation of open space land tax credit. Accordingly, donations of land for educational use in income year 2014 should be included in Part I as applicable.

A tax credit is allowed against the tax imposed under Conn. Gen. Stat. §12-217 in an amount equal to 50% of any donation of open space land or land for educational use. In order to qualify for the credit, the land must be donated for educational use, permanently preserved as protected open space, or used as a public water supply source

For purposes of calculating the credit, the amount of donation shall be based on the difference between the use value of the donated land and the amount received for the land.

Carryforward/Carryback

Applicable to Credits Claimed Prior to Income Year 2014

Any remaining donation of open space land tax credit balance that exceeded the tax credit applied may be carried forward for 25 succeeding income years.

Any remaining donation of land for educational use tax credit balance that exceeded the tax credit applied may be carried forward for 15 succeeding income years.

Applicable to Credits Claimed in Income Year 2014

Any remaining tax credit balance that exceeds the tax credit applied may be carried forward for 25 succeeding income years. No carryback is allowed.
