#### Eligibility

In order to be eligible for a credit to be issued in the form of a refund, a taxpayer must have no Corporation Business Tax liability. For purposes of this credit to be issued in the form of a refund, payment of a capital base tax under Conn. Gen. Stat. § 12-219 in a year that the taxpayer reports no net income as defined in Conn. Gen. Stat. § 12-213, or payment of the \$250 minimum tax under Conn. Gen. Stat. § 12-219, shall not be considered a liability.

A company included in a combined group that files as part of Form CT-1120CU must separately determine if it is eligible to exchange credits.

This includes a separate determination as to whether the company claiming the credit to be issued in the form of a refund has no tax liability for purposes of the eligibility requirements of this credit exchange. If other requirements are satisfied, a company that files as part of a combined group is eligible to exchange credits if the group pays tax on the capital base and:

- The company's apportioned amount of the combined group's net income is zero or negative, regardless of its portion of the capital base; or
- The company's portion of the capital base tax is equal to \$250.
