Purpose: Use this form to amend a previously-filed 2023 Connecticut income tax return for individuals. This form may not be used to amend any other year's return. **Do not** use this form to amend **Form CT-1041** or **Form CT-1065/CT-1120SI**.

Please note that each form is year specific. To prevent any delay in processing your return, the correct year's form **must** be submitted to DRS. Do not use staples.

Visit the Department of Revenue Services website at **portal.ct.gov/DRS-myconneCT** to file Form CT-1040X electronically using **myconneCT**.

If Form CT-1040X is filed to request an overpayment of Connecticut income tax refunded or credited, it must be filed before the Connecticut statute of limitations expires. Generally, the Connecticut statute of

limitations for refunding or crediting any Connecticut income tax overpayment expires three years after the due date of the return, but if a timely request for an extension of time to file a return was filed, the statute of limitations expires three years after the extended due date of the return or three years after the date of filing the return, whichever is earlier. If you were required to file an amended return, but failed to do so, a penalty may be imposed. Interest will also be assessed on any additional Connecticut income tax not paid on or before the due date.

If you are filing Form CT-1040X due to federal or another state's changes or corrections to your federal or other state's income tax return, you must check the box labeled *Federal or state changes* and enter the date of the final determination on Form CT-1040X, Page 1.

You must file Form CT-1040X in the following circumstances:

1.	The IRS or federal courts change or correct your federal income tax return and the change or correction results in your Connecticut income tax being overpaid or underpaid.	File Form CT-1040X no later than 90 days after the final determination date. If you file Form CT-1040X no later than 90 days after the date of the final determination, any Connecticut income tax overpayment resulting from the final determination will be refunded or credited to you even if the Connecticut statute of limitations has otherwise expired.
2.	You filed a timely amended federal income tax return and the amendment results in your Connecticut income tax being overpaid or underpaid.	File Form CT-1040X no later than 90 days after the final determination date. If you file Form CT-1040X no later than 90 days after the date of the final determination, any Connecticut income tax overpayment resulting from filing the timely amended federal income tax return will be refunded or credited to you even if the Connecticut statute of limitations has otherwise expired.
3.	You claimed a credit for income tax paid to a qualifying	File Form CT-1040X no later than 90 days after the final determination

3. You claimed a credit for income tax paid to a qualifying jurisdiction on your original income tax return and the tax officials or courts of the qualifying jurisdiction made a change or correction to your income tax return and the change or correction results in your Connecticut income tax being overpaid or underpaid (by increasing or decreasing the amount of your allowable credit).

date. If you file Form CT-1040X no later than 90 days after the final determination date. If you file Form CT-1040X no later than 90 days after the date of the final determination and you claimed credit for income tax paid to a qualifying jurisdiction on your original income tax return, any Connecticut income tax overpayment resulting from the final determination will be refunded or credited to you even if the Connecticut statute of limitations has otherwise expired.

4. You claimed a credit for income tax paid to a qualifying jurisdiction on your original income tax return and you filed a timely amended income tax return with that qualifying jurisdiction and the amendment results in your Connecticut income tax being overpaid or underpaid (by increasing or decreasing the amount of your allowable credit).

File Form CT-1040X no later than 90 days after the final determination date. If you file Form CT-1040X no later than 90 days after the date of the final determination on a timely-amended return with a qualifying jurisdiction and you claimed credit for income tax paid to a qualifying jurisdiction on your original income tax return, any Connecticut income tax overpayment resulting from the final determination will be refunded or credited to you even if the Connecticut statute of limitations has otherwise expired.

5. If none of the above circumstances apply, but you made a mistake or omission on your Connecticut income tax return and the mistake or omission results in your Connecticut income tax being overpaid or underpaid. **File Form CT-1040X** no later than three years after the due date of your return, or if you filed a timely request for an extension of time to file, three years after the date of filing the return or three years after the extended due date, whichever is earlier.

Do not file **Form CT-1040X** for any of the following reasons:

- To have an overpayment refunded instead of applied to next year's estimated tax or to change your contributions to designated charities. The elections that you made on your original return cannot be changed by filing Form CT-1040X.
- To amend your Connecticut income tax return for an earlier year
 to claim a credit for income tax paid on income included in your
 Connecticut adjusted gross income for that year and repaid in
 a later taxable year. File Form CT-1040 CRC, Claim of Right
 Credit, with your Connecticut income tax return for the later
 taxable year.
