1. Towns not listed have no reported cases of hepatitis C, past or present for the years indicated.
  2. Town listed is town of residence at first report of hepatitis C.
  3. Corrections or facility indicates residence at time of report.
  4. Hepatitis C, past or present=a case that is laboratory confirmed and does not meet the case definition for acute hepatitis C.
  5. 2010-2015: Laboratory confirmed=anti-HCV positive with a signal to cut-off ratio predictive of a true positive as determined for the particular assay or verified by a more specific test (PCR, genotype).
  6. 2016-2020: Laboratory confirmed= detectable RNA.
