SUBJECT: Nursing Home Visitation and Request for Civil Money Penalties (CMP) Funds

On September 17, 2020, the Centers for Medicare and Medicaid Services (CMS) released QSO Memo 20-39, (<https://www.cms.gov/files/document/qso-20-39-nh.pdf>) which provided guidance for visitation and the use of CMP funds to aid in visitation. Facilities may request CMP funds to assist with the acquisition of tents to promote outdoor visitation and/or clear dividers to create a physical barrier to reduce the risk of transmission during indoor visits. As a cautionary reminder, facilities using these funds must do so in compliance with life safety code requirements found at 42 CFR 483.90, unless these requirements are waived under the Public Health Emergency declaration.

CMS has streamlined the approval process related to the use of CMP funds to support visitation by delegating to the State Survey Agency, the Department of Public Health, the authority to review and approve CMP requests that will enhance visitation and meet CMS parameters. Funding requests are limited to a maximum of \$3,000 per facility for allowable visitation aids. The application (please see enclosed) must include the following:
