BLAST FAX 2019-13

TO: Healthcare Facilities
FROM: Barbara Cass, R.N.,
Branch Chief
Healthcare Quality and Safety Branch
DATE: August 6, 2019
SUBJECT: Legionella updates

Centers for Disease Control and Prevention (CDC) has a new online resource called “Procedures for Identifying Cooling Towers,” developed to help investigators identify and search for cooling towers during legionellosis outbreak investigations. The resource provides guidance on:

- Visual characteristics of cooling towers,
- Characteristics of buildings likely to have cooling towers,
- Defining the search zone, and
- Various search strategies.
