## FY 22 CONNECTICUT WIC VENDOR AGREEMENT

The U.S. Department of Agriculture sponsors the Special Supplemental Nutrition Program for Women, Infants and Children (WIC) authorized by the Child Nutrition Act of 1966. WIC is federally funded, and is administered by the State of Connecticut, Department of Public Health. The Connecticut WIC Program enters into an agreement with retail stores to provide specific nutritious foods through a retail food delivery system. Home deliveries are not permitted under the retail food delivery system used in Connecticut.

### **GENERAL CONDITIONS**

All stores must be authorized by the WIC Program in order to accept WIC benefits. A vendor is authorized after receiving an executed copy of the WIC Vendor Application and Agreement Signature Page with the effective agreement period. The State will determine if an integrated register system is certified or direct the vendor in obtaining equipment to process transactions.

The Vendor Selection Criteria ( Appendix A) must be met by all vendors at the time of authorization and must be maintained throughout the agreement period. The WIC Program may reassess any authorized vendor at any time during the vendor's agreement period using the vendor selection criteria in effect at the time of the reassessment. The WIC Program will terminate the authorization of vendors who fail to meet the criteria.

The vendor agreement does not constitute a license or a property interest. The WIC Vendor Agreement is in effect for the stated time period only. If the vendor wishes to continue to be authorized beyond the period of its current agreement, the vendor must reapply for authorization. If a vendor's agreement expires or is terminated and the vendor wishes to reapply, the vendor will be subject to the WIC Program's vendor selection criteria in effect at the time of the reapplication.

A WIC Vendor Agreement may cover more than one vendor if all stores are under the exact same ownership and a list of each store location is attached. When more than one vendor is specified in the agreement, the WIC Program may add or terminate an individual vendor without affecting the remaining vendors.

All vendors are subject to announced and unannounced on-site visits.

All vendors must maintain an active email account. Vendors must be capable of receiving electronic communications. This includes but not is limited to accessing the vendor portal, uploading documents, and receiving bulletins with program updates. Notify the WIC Program immediately of any changes to the email address. All WIC Program communications are electronic. Emails may be sent from program staff, the CT WIC vendor portal, or a DPH/DAS List Serve.

Either the WIC Program or the vendor may terminate the agreement for cause after providing advance written notice of at least fifteen (15) days to [ctwic@ct.gov](mailto:ctwic@ct.gov).

The agreement will be terminated upon a change in vendor ownership, store location (over one mile), or cessation of operations. The WIC Program has the discretion to determine whether a change in business structure constitutes a change in ownership.

A vendor applicant that does not meet the minimum inventory requirements (Appendix B) will not be authorized, even if such denial of authorization would result in inadequate participant access.

The vendor may be monitored for compliance with program requirements. In addition to claims collection (Appendix F), the vendor may be sanctioned for vendor violations in accordance with the WIC Program's sanction schedule (Appendix E). Sanctions may include warnings, administrative fines, disqualification, and civil money penalties in lieu of disqualification.

Disqualification from the WIC Program may result in disqualification as a retailer in SNAP. Such disqualification may not be subject to administrative or judicial review under SNAP.

Adverse actions against a vendor associated with Federal mandatory sanction number one (1) (Appendix E) and denials of new authorizations shall be effective on the date of receipt of the WIC Program's written notice. All other adverse actions taken by the WIC Program against a vendor shall be effective fifteen (15) days from the date of the written notice.

A vendor may be entitled to an administrative review when notified of certain adverse actions taken by the WIC Program. See Appendix G for administrative review procedures.

A vendor who commits fraud or abuse in the Program is liable to prosecution under applicable federal, state or local laws. Those who have willfully misapplied, stolen or fraudulently obtained program funds will be subject to a fine of not more than \$25,000 or imprisonment for not more than five years or both, if the value of the funds is \$100 or more. If the value is less than \$100, the penalties are a fine of not more than \$1,000 or imprisonment for not more than one year or both.

The agreement will be terminated if the WIC Program determines that the vendor has provided significant false information in connection with its application for authorization.

The agreement will be terminated if the WIC Program identifies a conflict of interest, as defined by applicable State laws, regulations, and policies, between the vendor and the WIC Program or its local agencies.

The agreement will be terminated if the vendor accepts and/or transacts WIC benefits anywhere other than the fixed location of the store(s) as covered by this agreement.

There can be no unauthorized use of the WIC logo or acronym in promoting the store's business. The logo and acronym may only be displayed on official WIC Program materials.

POS machines will be supplied in accordance with the minimum provisions of Federal Regulations found at 246.12(z)(2).

FY22 WIC VENDOR AGREEMENT  
APPENDIX A-VENDOR SELECTION CRITERIA

Authorized vendors must meet the selection criteria at all times throughout the authorization period. The Agreement will be terminated if any one of these criteria is not met. Applicant and renewing vendors who do not meet the following criteria will not be selected for authorization.

1. A vendor must submit an online application through the vendor portal within the time period provided by the due date. If incomplete at the time of the initial submission, a vendor will receive notification of the deficiency and will be given an additional fifteen (15) days to submit a completed application.
2. Falsification of any information.
3. A food store vendor, excluding pharmacies, must be currently authorized by SNAP and must provide its FNS number.
4. A vendor must not be currently disqualified from SNAP or must not have been assessed a SNAP civil money penalty for hardship, and the disqualification period that would otherwise have been imposed has not expired.
5. A vendor applicant or current owners, officers or managers must not have been convicted of nor had a civil judgment entered against them within the last six (6) years for any activity indicating a lack of business integrity. Activities include but are not limited to, fraud, antitrust violation, embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statement, receiving stolen property, making false claims, or obstruction of justice.
6. If the WIC Program determines that the store's previous owner sold the store in an attempt to circumvent a WIC sanction.
7. A vendor must purchase infant formula only from the WIC Program's list of wholesalers, distributors, retailers and manufacturers. This list is included and sent to authorized vendors on an annual basis.
8. A vendor must not be expected to derive more than 50% of its annual food sales revenue from acceptance of WIC benefits.

10. A vendor must attend all assigned mandatory training sessions.

Prices must be posted on the store shelf in front of the item, on the product itself or, in the case of chilled or frozen items, on a sign attached to the door of a cooler or freezer in front of the food item. When prices change, all signs must be updated, in addition to registers and all stand beside units.
14. A vendor must meet established competitive pricing criteria, which involve the ranking, by peer group, of the price index of all vendors. The price index is calculated by using each vendor's prices for WIC food items. Each vendor's price index is then compared to the average price index for the peer group with which it is associated.
15. A vendor with an integrated cash register system must be WIC EBT capable, meaning the vendor must demonstrate the Point-of-Sale (POS) system can accept WIC purchases, obtain a benefit balance, and complete a WIC transaction accurately and securely. The WIC Program will determine if a warning for the initial occurrence of Federal Mandatory sanctions numbered 5 through 9 and all State Agency Established sanctions will be issued prior to documenting another violation. This determination will be made on a case-by-case basis when the WIC Program determines that issuing a warning would comprise the investigation.

When a completed investigation determines that a pattern of violations was not established, a warning letter may be issued to the vendor.

The WIC Program shall not accept voluntary withdrawal or use non-renewal of the vendor agreement as an alternative to disqualification for Federal Mandatory or state-agency established sanctions.

Prior to imposing a disqualification for Federal Mandatory Sanctions numbered 2 through 10, the WIC Program shall determine, and document in the vendor file, whether the disqualification would result in inadequate participant access.

If the WIC Program determines that a disqualification would result in inadequate participant access, then a civil money penalty shall be assessed in lieu of disqualification for Federal Mandatory Sanctions numbered 2 through 10. The amount of the civil money penalty shall equal the average monthly WIC redemptions for the six-month period ending with the month immediately preceding the month during which the notice of sanction is dated, multiplied times ten percent (.10), and then multiplied times the number of months for which the vendor would have been disqualified. The civil money penalty shall not exceed fifteen thousand eight hundred seventy seven dollars (\$15,877) for each violation. If multiple violations are revealed by a single investigation, the total civil money penalty shall not exceed sixty three thousand five hundred nine dollars (\$63,509). These amounts are subject to change based on Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015.

When during the course of a single investigation, the WIC Program determines that the vendor has committed multiple violations (which may include violations subject to state agency-established sanctions); the WIC Program shall disqualify the vendor for the period corresponding to the most serious mandatory violation. However, the WIC Program shall include all violations in the notice of sanction. If a mandatory sanction is not upheld on appeal, then the WIC Program may impose state agency-established sanctions.

When a vendor who had previously been assessed a Federal Mandatory Sanction numbered 2 through 10 receives the same or another mandatory sanction, the WIC Program shall double the sanction for the second violation. Civil money penalties may also be doubled, but only to the extent of fifteen thousand eight hundred seventy seven dollars (\$15,877) per violation up to the maximum of sixty three thousand five hundred nine dollars (\$63,509) for multiple violations. These amounts are subject to change based on Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015. When a vendor who had previously been assessed two Federal Mandatory Sanctions numbered 2 through 10 receives a third or subsequent mandatory sanction for the same or other Federal Mandatory Sanction, the WIC Program shall double the sanction for the violation. The WIC Program shall not impose a civil money penalty in lieu of disqualification for the third and subsequent mandatory violations.

If a vendor does not pay, only partially pays, or fails to timely pay a civil money penalty either within fifteen (15) days of the notice of the sanction or within the terms of an installment plan, the WIC Program shall disqualify the vendor. The length of the disqualification shall correspond to the violation for which the civil money penalty was assessed or, in cases where a mandatory sanction included the imposition of multiple civil money penalties, for a period corresponding to the most serious violation.

The WIC Program shall determine and document in the vendor file whether a disqualification based on state agency established sanctions would result in inadequate participant access. If the WIC Program determines that there shall be undue hardship for WIC participants if a vendor is disqualified based on a State Agency Established Sanction, the store shall be allowed to remain on the program until such time that undue hardship no longer exists. A fine of two thousand five hundred dollars (\$2,500.00) shall be paid by the vendor to continue to accept WIC benefits. A review may be requested to determine if the disqualification is warranted. At such time that the WIC Program determines that undue hardship for WIC participants no longer exists, the vendor shall be notified that the original disqualification shall be effective fifteen (15) days after receipt of the letter. The vendor may request a review for the sole purpose of arguing the issue of undue hardship for WIC participants.

A fine is payable fifteen (15) days from the receipt of the notice. If payment of the fine is not paid, only partially paid, or not timely paid, the WIC Program shall disqualify the vendor for the length of the disqualification corresponding to the violation(s) documented in the notice up to a maximum of one (1) year.

If a vendor is assessed a settlement fine, or any other monetary penalty or fee relating to a disqualification from SNAP, a WIC civil money penalty shall be assessed the vendor equal to the FNS penalty.

State agency-established sanctions do not apply to vendors that do not meet selection criteria during an authorization, re-authorization or reassessment process.

Warnings shall remain active for three (3) years from the date of the violation for the entire term of the store's ownership.

FY22 WIC VENDOR AGREEMENT  
APPENDIX F-MONETARY CLAIMS

The Connecticut WIC Program may make monetary claims against vendors that have committed certain types of redemption abuse *in addition to any other sanctions applied against such vendors*. Those include but are not limited to:

- Inventory audits when a vendor cannot support all of its redemptions
- Any overcharges or errors made on WIC transactions discovered during undercover compliance buys.
- Transaction audit means a review of a vendor's redemptions to determine if the vendor has overcharged the WIC Program.

Payment of vendor claims does not preclude the WIC Program from assessing sanctions associated with the violations. Payment plans may be requested for an amount of \$500 or more on a case by case basis determined by the WIC Program.

All monetary claims must be paid within fifteen (15) days of the date of the notice. All remittances must be made with a certified bank check or money order and payable to Treasurer – State of Connecticut, Department of Public Health.

Send to:

Connecticut Department of Public Health  
410 Capitol Avenue, MS# 11WIC  
Hartford, Connecticut 06106

The WIC Program may nonselect a vendor for failure to pay a monetary claim within the required period of time.

**Actions subject to an Administrative Review:**

1. Denial of authorization based on vendor selection criteria or on a determination that the vendor is attempting to circumvent a sanction.
2. Termination of the WIC Vendor Agreement.
3. Disqualification of the vendor except when it is based on a SNAP disqualification.
4. Imposition of a fine or civil money penalty in lieu of disqualification.

**Actions not subject to Administrative Review:**

1. Disqualification of a vendor as a result of a disqualification or a CMP in lieu of disqualification from SNAP
  2. The expiration of a WIC Vendor Agreement.
  3. Validity or appropriateness of the WIC Program's vendor selection criteria.
  4. Validity or appropriateness of the WIC Program's participant access criteria and the Program's access determinations.
  5. Validity or appropriateness of the WIC Program's criteria for determining whether a vendor applicant is expected to meet the more than 50% criterion. (Appendix A)
  6. Disputes regarding WIC benefits payments, vendor claims, and associated administrative fees.
- Vendors will be provided with written notification whenever an adverse action is taken. The notification will include the procedure to follow to obtain an administrative review, the time period in which to appeal, and the cause for and the effective date of the action. When a vendor is disqualified due in whole or in part to a Federal Mandatory Sanction violation numbered 1 through 9 in Appendix E, such notification shall include the following statement: "This disqualification from WIC may result in disqualification as a retailer in the Special Supplemental Nutrition Assistance Program." Such disqualification is not subject to administrative or judicial review under SNAP."
  - Requests for review must be received by the department within seven (7) days of receipt of the adverse action letter.
  - A vendor that appeals an adverse action for non-selection or disqualification will not be permitted to continue Program operations (will not be allowed to accept WIC benefits) while its appeal is in process.
  - The vendor will be provided with adequate advance notice of the time and location of the administrative review to provide all parties involved sufficient time to prepare.
  - The vendor will have an opportunity to reschedule the administrative review date upon written request.
  - The vendor will have the opportunity to present its case and to cross-examine adverse witnesses. To protect the identity of WIC Program investigators, such examination will be conducted behind a protective screen or other means.
  - The vendor will have the opportunity to be represented by counsel at any review proceeding.
  - Prior to the review, the vendor will have an opportunity to examine the evidence upon which the WIC Program's action is based. The review record will be sent to the vendor at least ten (10) days prior to the review date.
  - An impartial decision-maker will be assigned to the appeal. The decision-maker's determination is based solely on whether the WIC Program has correctly applied Federal and State statutes, regulations, policies, and procedures governing the Program, according to the evidence presented at the review. The State agency may appoint a reviewing official, such as a chief hearing officer or judicial officer, to review appeal decisions to ensure that they conform to approved policies and procedures.
  - Notification of the review decision, including the basis for the decision, will be issued within ninety (90) days from the date of receipt of a vendor's request for an administrative review. This timeframe is only an administrative requirement for the State agency and does not provide a basis for overturning the WIC Program's adverse action if a decision is not made within the specified timeframe.
  - If the adverse action under review has not already taken effect, the State agency shall make the action effective on the date of receipt of the final decision by the vendor.
  - If the final decision upholds the adverse action against the vendor, the State agency shall inform the vendor that it may be able to pursue judicial review of the decision.
