Subject: Water Utility Coordinating Committees – Planning Update

The Department of Public Health (DPH) is currently soliciting proposals from qualified consulting firms to provide assistance to the three Water Utility Coordinating Committees (WUCCs) to carry out the requirements in Connecticut General Statutes §§ 25-33f through 25-33h, and to produce a coordinated plan for the Department. Concurrently, the DPH will be continuing the WUCC planning process and is working toward convening the three newly created management areas. A meeting will be held in each of the management areas prior to convening the WUCCs to discuss logistics and future meeting details. The DPH expects to hold these meetings during the summer months.

If you are interested in reviewing a copy of the RFP, it can be found on the state [DAS procurement page](#), [DPH RFP page](#) and the [DPH WUCC page](#). If you have any questions regarding WUCCs please contact Justin Milardo or Rich Iozzo at 860-509-7333. Questions related to the RFP must be directed to Susan Murray, as noted in the RFP document, at 860-509-8171.
