### DWS Circular Letter #2014-10

**To:** All Public Water Systems, Local Officials and other interested parties

**From:** Lori Mathieu, <sup>JGM</sup> Public Health Section Chief, Drinking Water Section

**Date:** May 21, 2014

**Subject:** Revisions to the Drinking Water State Revolving Fund's Project Priority Lists for State Fiscal Years 2014 and 2015

On April 9, 2014 the Drinking Water Section (DWS) published minor revisions to the Drinking Water State Revolving Fund's (DWSRF) Project Priority Lists (PPLs) for State Fiscal Years (SFY) 2014 and 2015 in [DWS Circular Letter #2014-03](#). These revisions were distributed to all public water systems that applied for DWSRF funding in SFY's 2014 and 2015, local Chief Elected Officials, local Directors of Health and also published on DWS's website for a 30 day public comment period to allow the opportunity for meaningful public participation as required under federal law. The 30 day public comment period expired on May 9, 2014 and the DWS received no comments during that period. At this time, the DWS is issuing this letter to announce that the minor revisions that were made to the PPLs have been finalized. These revisions will be incorporated into the Department of Public Health's Intended Use Plan associated with our Federal Fiscal Year 2014 capitalization grant application to the United States Environmental Protection Agency.

Questions may be directed to Cameron Walden, Supervising Sanitary Engineer, at (860) 509-7333.
