EHDW Circular Letter #2022-76

To: Public Water Systems, Certified Operators, Local Directors of Health,
Commercial Environmental Laboratories, Chief Elected Officials

From: Lori Mathieu, Public Health Branch Chief, EHDW *Lori J. Mathieu '22*
Date: November 29, 2022

Subject: CT Interagency Per- and Polyfluoroalkyl Substances (PFAS) Task Force's PFAS Action Plan
Three Year Review

The Connecticut Department of Public Health (DPH) and Department of Energy and Environmental Protection (DEEP) are inviting you to attend a meeting to mark the third anniversary of the release of the Connecticut PFAS Action Plan. This in-person meeting will be held from 9:00 to 11:00 on the morning of December 8, 2022 in Hearing Room 1D of the Legislative Office Building, 300 Capitol Avenue, Hartford. Virtual participation is available through the following Zoom Link: <https://ctdeep.zoom.us/j/85953838693>.

PFAS contamination continues to be an emerging issue in Connecticut and across the nation. The DPH and DEEP would like to spend this time reviewing the progress made thus far by State agencies implementing key recommendations of the Plan and discussing plans for future actions consistent with the Plan's recommendations. A portion of the meeting will be reserved to solicit public input on these actions. A copy of the agenda for the afternoon's meeting for your planning purposes is attached.

The DPH and DEEP look forward to continuing the collaborative work and presenting the progress to the citizens of Connecticut. You are welcome to participation in person or provide input in writing on the State's efforts to implement the Plan recommendations.

If you have any questions about the meeting, please contact the Emerging Contaminant Unit at 860-509-7356 or dph.emergingcontaminants@ct.gov.
