

**Connecticut Drinking Water State Revolving Fund  
Emergency Power Generator and Small Loans Program**

The contractor shall also provide an itemized list of any iron or steel products permanently incorporated in this project that **do not comply** with this requirement **or** for which documentation is not available. Note that the total cost of these products (Total Table #2 Cost) cannot exceed **5%** of the total materials cost for the project and an individual item cannot exceed **1%** of the total cost of materials, as defined in the [EPA De Minimis national waiver](#).

Use the **Table #2** to tally all iron and steel products/materials permanently incorporated in this project that **do not** meet the Use of American Iron and Steel provision. Include material costs only (including delivery & applicable tax), but do not include any labor or installation costs.

**Table #2 – Iron and Steel products that DO NOT COMPLY with the AIS provision**

Date of Purchase	Product Description	Manufacturer Name and Address	Part Number	Qty.	Unit Price	Total Price
<b>Total Table #2 Cost:</b>						

<b>Total Material Cost</b> (including all materials, not just iron and steel):	
<b>Percent (%) of materials that do not meet the provision:</b> (Total Table #2 Cost ÷ Total Material Cost) x 100	

I certify that the information contained herein, which is being submitted to the Connecticut Department of Public Health is complete and accurate and I understand that any false statement contained herein is punishable as a criminal offense under section 53a-157b of the Connecticut General Statutes.
