SOURCE ABANDONMENT PERMIT APPLICATION

This application is for a permit under Section 25-33k of the Connecticut General Statutes for a water company to abandon any existing or future source of water supply. The applicant must provide the department with sufficient information to verify that the source will not be needed for present or future water supply, is consistent with the water company's water supply plan, if so required, and will not be needed by the company in an emergency. This form is designed to supply the department with the basic information necessary to evaluate the permit request. Applicants are encouraged to provide any other information they feel will lead to a full understanding of the proposed abandonment. The applicant will be notified if additional information is required.

A separate application must be submitted for each source of supply proposed for abandonment. The department must be notified pursuant to Section 25-33l of the Connecticut General Statutes of any source, potential source or abandoned source proposed for sale. No agreement to sell such source may be entered into without first allowing for other water companies to exercise their option to buy.

I. IDENTIFICATION OF COMPANY AND SOURCE PROPOSED FOR ABANDONMENT

A. Name of water company: _____

B. Principal contact: _____

C. Mailing address: _____

D. Phone: _____

E. Source name: _____

F. Source type:

- Reservoir
- Well
- Diversion
- Other: _____

G. Source location (town name) _____
Attach USGS topographic map with source shown.

H. Source safe yield: _____

III. DEMAND DATA

The data provided in this section should include retail and wholesale demand. If this data is on file in a water supply plan filed pursuant to Section 25-32d-1 of the Regulations of Connecticut State Agencies, reference applicable pages. (mgd = million gallons per day)

- A. Current system average daily demand: _____ mgd
- B. Peak day demand: _____ mgd
- C. Projected average day demand in 5 years: _____ mgd
- D. Projected average day demand for 20 years: _____ mgd
- E. Projected average day demand for 50 years: _____ mgd

IV. OTHER CONSIDERATIONS

- A. Describe why this source is proposed for abandonment and reference any applicable sections in the water supply plan. _____

- B. Describe how the source will be physically severed from the system and in the case of a well, action to be taken to abandon the well in accordance with Section 25-138-56 and 57 of the Regulations of Connecticut State Agencies.

V. APPLICANT'S SIGNATURE

Name: _____
Title: _____
Date: _____
