Subject: CDC COVID-19 Resource

Good morning,

The following COVID-19 resource is now available:

Summary Strategies to Optimize the Supply of PPE during Shortages

CDC developed a quick reference table summarizes [CDC's strategies to optimize personal protective equipment \(PPE\)](https://www.cdc.gov/coronavirus/2019-ncov/hcp/ppe-strategy/strategies-optimize-ppe-shortages.html) supplies in healthcare settings and provides links to CDC's full guidance documents on optimizing supplies. These strategies offer a continuum of options using the framework of surge capacity when PPE supplies are stressed, running low, or absent.

<https://www.cdc.gov/coronavirus/2019-ncov/hcp/ppe-strategy/strategies-optimize-ppe-shortages.html>

Sent to all EMS chiefs on behalf of:
Raffaella, "Ralf", Coler RN, MEd., Paramedic
Director, Office of Emergency Medical Services

Thank you.

Angela Pugliese
