Richard Kamin, MD, FACEP   
State EMS Medical Director, Office of Emergency Medical Services

Re: Update to Connecticut Statewide EMS Protocols - v2018.1

---

Please be aware that an update to the Connecticut Statewide EMS Protocols has been published and can be found on the [Statewide EMS Protocols page](#) of the OEMS website. We have also created a companion summary document of the revision changes, which you will also find on the web page.

This update represents the ongoing work across the spectrum of medical oversight from the EMS sponsor hospitals, the regional Medical Advisory Committees, the Connecticut EMS Medical Advisory Committee, and the Department of Public Health.

As with previous versions, implementation for each EMS organization is under the direction of the EMS sponsor hospital.
