RE: Certification for 1000, 1250, 1500 and 2000 gallon concrete septic tanks

Dear Mr. Charette:

This office has received "Certification of Compliance" forms for the following 12 (twelve) concrete septic tanks being manufactured by Connecticut Concrete Products, LLC:

MFG. Model No.	Tank Size (gallons)	Date Form Signed
1000 - C, RP and PC	1,000	October 5, 2016
1250 - C, RP and PC	1,250	October 5, 2016
1500 - C, RP and PC	1,500	October 5, 2016
2000 - C, RP and PC	2,000	October 5, 2016

C: Removable concrete covers only
RP: Cast in riser pans with removable concrete covers
PC: Pump chambers with cast in riser pans

The forms have been signed by a professional engineer certifying compliance with the current ASTM Standards and the CT Public Health Code Technical Standards. The certifications were found to be acceptable to this Department and will be kept on file for our records. This letter can be reproduced in its entirety as a means of notifying local health officials, installers, and engineers that this Department has accepted the certifications for these tanks and they can now be distributed in the State of Connecticut.

Sincerely,

A handwritten signature in blue ink, appearing to read "Sean Merrigan".

Sean Merrigan
Sanitary Engineer 3
Environmental Engineering Program
