TO: Clinic Directors and Local Health Directors
FROM: Kathy Kudish, CT Immunization Program Manager
SUBJECT: CT WIZ CONFIDENTIALITY AGREEMENT
DATE: FEBRUARY 1, 2019

The Connecticut Department of Public Health Immunization Program's CT WiZ (Connecticut Immunization Information System) replaced CIRT (Connecticut Immunization Registry and Tracking System) on September 17, 2018. CT WiZ is a real-time, comprehensive immunization information system that allows authorized providers to:

- View a patient's consolidated vaccination record.
- Forecast a patient's due, overdue and invalid vaccinations.
- Report doses of vaccines administered.
- Order vaccines and track vaccine inventory.
- Run reports of vaccine coverage.
- Print official immunization certificates.

To reduce the burden of reporting, providers may establish bi-directional electronic data exchange between their electronic health record (EHR) and CT WiZ. Visit the EHR Data Exchange website at: <https://portal.ct.gov/DPH/Immunizations/Electronic-Health-Record-Electronic-Exchange-With-CT-WiZ>

Only authorized providers and users will be given access to CT WiZ. In order for you and your designated staff to gain access to CT WiZ information, please read the Confidentiality Agreement below and indicate your agreement, on behalf of your organization, by signing on the last page. You will be asked to renew this agreement every two years.

Once the Agreement is signed, please provide a copy to each member of your staff that will be authorized to access or request CT WiZ information.

By March 1, 2019, please send a copy of the signed agreement to the CT Department of Public Health Immunization Program by fax to (860) 707-1925.
