Search for the Patient

The screenshot shows the CT WIZ Patient Search interface. The browser address bar displays <https://ctwiz-training.dph.ct.gov/ctwi>. The page header includes "CT WIZ", "DPH TRAINING CLINIC, DPH TRAINING CLINIC...", and a "PATIENT SEARCH" button. The left sidebar contains a menu with items: Home, Patients, Search, Demographics, Local IDs, Programs, Notes, Precautions/Contraindications, Events, Duplicates, Immunizations, Inventory, Clinic Tools, and Reports. The "Search" item is highlighted with a red arrow and a box labeled "Click Search". The main content area features a search form with two dropdown menus: "Provider" (selected: DPH TRAINING CLINIC) and "Clinic" (selected: DPH TRAINING CLINIC 1). A red arrow points to the "PATIENT SEARCH" button in the header with a box labeled "Click patient search". Below the search form is a "News" section with a warning icon and the text "There are currently no news items available." At the bottom, a note states: "Note that this application requires the use of Adobe Reader to view/print some of the files and reports that are available. Click here to download a free copy of Adobe Reader." Below this note is a "Get ADOBE READER" button.

TDAP, ADSORBED	Select VIS	✓ ✗	

1. Double check you are in the correct clinic for the patient.
2. Vaccine date should be the date of refusal/date reported. If no date, use today's date.
3. Complete Vaccine Refusal Reason Field. It will auto-populate/pre-fill all vaccines with refusal reason (Parental Decision, Patient Decision, Religious Exemption).
4. Create and Administer

Additional Guidance

If a patient is refusing a vaccine(s), providers may share the handout—link below:

<http://immunize.org/catg.d/p4012.pdf>

“Reliable Sources of Immunization Information: Where Parents Can Go to Find Answers!”

- Once a vaccine is administered to a patient they previously refused – delete the refusal note associated to that vaccine.
- Once a vaccine refusal is entered, if the patient continues to refuse it at subsequent visits – don't add the 'same vaccine refusal' again. As you cannot update the date on the vaccine refusal, instead – Click View on the previous refusal to expand the vaccine note and Add a Note (free text field) with the additional dates they refused.
- Do not enter deferrals of vaccines that do not follow the recommended schedule, as these are not refusals.
