

VAMS Enhancements for Clinic Users

VAMS Release 2.2 – Enhancements were made to VAMS on 03/13/2021

Please see below for a description of each enhancement and details on how the enhancement will assist VAMS users

VAMS Enhancement	How the enhancement will assist VAMS users	How does the enhancement work
Third Party Clinic Administrators and Healthcare Professionals can view and export a list of recipients which now includes individuals from the Other Recipients tab.	Supports recipient management for recipients added to their clinic from Other Recipients tab	<p>On the Manage Recipients tab:</p> <ul style="list-style-type: none"> Enter date and time range for report and click Export <ul style="list-style-type: none"> List includes dose, date administered, vaccine information, next-dose eligibility date and type of recipient (Recipient or Other recipient) <p>Note: Up to 50,000 recipients' records can be exported at one time.</p>
Third Party Clinic's duplicate recipients cleaned up in the system.	Supports ease of locating the correct recipients	Duplicate recipient records have been removed in the system.
Healthcare Professionals have a single-page Log Vaccination flow.	Supports ease of logging vaccination	<p>When healthcare professionals click Log Vaccination:</p> <ul style="list-style-type: none"> Now one page to document information. Answer each question. New questions will appear on the same page based on responses. Select Log Vaccine Review information Click Submit

Healthcare Professionals who edit recipient record to include Johnson and Johnson dose will receive alert to invalidate second dose if one was listed as administered.	Supports accuracy of recipient vaccination records, certificate, and dosing	<p>When a recipient record is edited to reflect a Johnson and Johnson dose:</p> <ul style="list-style-type: none"> Any appointments for second doses will be cancelled automatically If record shows two doses of Pfizer or Moderna, the healthcare professional will see an alert and must invalidate the second dose record.
Standard and Mobile Clinic Front Desk staff can edit recipient records.	Supports accurate recipient information	<p>Search for an existing recipient:</p> <ul style="list-style-type: none"> Click their name in the search results Click the Edit button, make edits Click Save <p>Note: Recipient records cannot be edited if they have completed their vaccination schedule, or they have completed their registration in VAMS.</p>
Standard and Mobile Clinic Administrators can allow Jurisdiction Contact Centers to override limited service groups (closed PODs).	Supports flexibility to control appointment scheduling by giving scheduling access to Jurisdiction Contact Centers	<p>On the Clinic Set Up tab:</p> <ul style="list-style-type: none"> In the Clinic Locations table click the clinic name Click Edit Check Allow Jurisdiction Contact Centers to ignore limited service group rules Click Save
Standard and Mobile Clinic Administrators can indicate which vaccines(s) they offer.	Supports recipients access to specific vaccinations prior to scheduling appointment	<p>On the Clinic Set Up tab:</p> <ul style="list-style-type: none"> In the Clinic Locations table click the clinic name Click Edit Select checkboxes for the vaccine the clinic offers Click Save <p>Note: This functionality will not prevent a recipient from scheduling an appointment with a</p>

		clinic that does not currently have the vaccine product in their inventory.
Standard and Mobile Clinic Front Desk staff will have two new questions when scheduling walk-in appointments.	Supports accuracy of recipient records for prior doses	<p>When scheduling a walk in, if no prior doses are recorded in VAMS:</p> <ul style="list-style-type: none"> • Answer Has the recipient ever received a COVID-19 Vaccine? <ul style="list-style-type: none"> ○ If Yes, the vaccine manufacturer and date of vaccination must be entered. • If recipient has a first dose recorded in VAMS and is not yet due for their second dose: <ul style="list-style-type: none"> ○ Are you sure you want to vaccinate early? Select Continue to proceed or Cancel to cancel scheduling
Recipients can reschedule an appointment without cancelling their existing appointment.	Supports flexibility to reschedule appointments	<p>On the My Appointments Tab:</p> <ul style="list-style-type: none"> • Select View Details/Modify link for appointment • Click Reschedule Appointment • Search for a new appointment • Current appointment will not be cancelled until new appointment is confirmed
