#### Influenza Vaccine

Many manufacturers will begin pre-booking flu vaccine with providers for the 2020-21 influenza season in the coming weeks. As a reminder, beginning July 1, 2020 the CVP will be expanding influenza vaccine to cover all children 6 months through 18 years of age. The CVP will send out a specific list of which formulations we will supply sometime in February but similar to this year all our formulations will be Quadrivalent and Preservative Free.
