In re: Robban Sica, M.D.

Petition Number: 2021-1003

AMENDED STATEMENT OF CHARGES

Pursuant to Connecticut General Statutes of §§19a-10, §19a-11 and 19a-14, the Department of Public Health ("Department") brings the following charges against Robban Sica, M.D.:

1. Robban Sica ("respondent") is, and has been at all times referenced in this Statement of Charges, the holder of Connecticut physician and surgeon license number 026453.
2. Respondent provided care to Patient 1 at various times from approximately 2002 through 2021.
3. On or about April 6, 2021, respondent issued a letter exempting Patient 1 from the "COVID vaccine or influenza vaccine" without clinical and/or medical justification.
4. On or about September 30, 2021, Patient 1 called respondent and left a message with respondent's office stating she had COVID-19. Respondent thereafter prescribed Ivermectin for Patient 1. Respondent's care for Patient 1 failed to meet the standard of care in one or more of the following ways, in that she:
 - a. failed to properly communicate with, interact, examine and/or assess Patient 1 prior to prescribing Ivermectin;
 - b. failed to properly treat Patient 1;
 - c. failed to obtain patient consent and/or properly inform the patient of the risks of using Ivermectin for treating COVID-19;
 - d. failed to refer her to an appropriate healthcare practitioner; and/or,
 - e. inappropriately prescribed Ivermectin and/or failed to prescribe appropriate medication.
5. On or more occasions while treating Patient 1, respondent maintained inappropriate and/or fraudulent medical records.
6. The above-described facts constitute grounds for disciplinary action pursuant to Connecticut General Statutes §20-13c, including but not limited to §20-13c(4).

WHEREFORE, the Department prays that:

The Connecticut Medical Examining Board, as authorized in §§19a-17 and 20-13c, revoke or order other disciplinary action against Robban Sica's physician and surgeon license as it deems appropriate and consistent with law.

Dated December 5th 2023.
