In re: Melonie J. Daley, R.N.

Petition No. 2023-135

**STATEMENT OF CHARGES**

Pursuant to the Connecticut General Statutes, §§19a-10 and 19a-14, the Department of Public Health (hereinafter "the Department") brings the following charges against Melonie J. Daley, R.N.:

1. Melonie J. Daley, R.N., of Bronx, New York (hereinafter "respondent") is, and has been since April 24, 2018, the holder of Connecticut registered nurse license number 149935.
2. On or about June 4, 2015, the State of Hawaii issued a registered nurse license to the respondent based on examination and on respondent's purported completion of a registered nurse program at the Med-Life Institute (hereinafter the "Med-Life").
3. On or about August 7, 2015, the State of New York issued a registered nurse license to the respondent based on endorsement.
4. On or about April 24, 2018, the Department issued registered nurse license number 149935 to the respondent based on endorsement.
5. On or about November 14, 2018, the State of New Jersey issued a registered nurse license to the respondent based on endorsement.
6. On or about September 2, 2022, the Department received information from the Department of Health and Human Services, Office of the Inspector General evidencing the fact that the respondent has not completed the required program hours and clinical training necessary to obtain either a practical nursing diploma and transcript or a nursing associate in science degree and transcript.
7. On or about February 13, 2023, the New Jersey State Board of Nursing (hereinafter the "NJ Board") issued an order rescinding respondent's New Jersey registered nurse license (hereinafter "NJ RN license") based, in part, on findings by the NJ Board that, on her application for her NJ RN license respondent asserted that she graduated from Med-Life on February 2, 2015; that respondent was granted her NJ RN license based upon false and illegitimate educational background material, including nursing diplomas and transcripts; and that Respondent did not complete a course in nursing study at an accredited school of nursing.

8. Respondent's licensure as a registered nurse in the States of Hawaii, New York, Connecticut, and New Jersey resulted from the provision of inaccurate information and documentation to the licensing authorities in those states leading those authorities to conclude that respondent has completed the required program hours and/or clinical training required to complete and/or graduate from a prelicensure nursing program when, in fact, she has not.

9. The above cited facts evidence conduct of the respondent that fails to conform to the accepted standards of the nursing profession and they constitute grounds for disciplinary action pursuant to Conn. Gen. Stat. §§ 19a-17 and 20-99, including, but not necessarily limited to:

- a. §19a-17(a),
- b. §19a-17(c),
- c. §19a-17(f),
- c. §20-99(b)(1), and
- d. §20-99(b)(6).

10. For the foregoing reasons, the Department believes that respondent's continued practice as a registered nurse represents a clear and immediate danger to the public health and safety.

THEREFORE, the Department prays that:

The Connecticut Board of Examiners for Nursing, as authorized by the Connecticut General Statutes, §§ 20-99(b) and 19a-17, summarily suspend respondent's license to practice as a registered nurse until a full hearing on the merits can be held, and that it revoke, or order other disciplinary action against, the registered nurse license of Melonie J. Daley, R.N. as it deems appropriate and consistent with law.

Dated at Hartford, Connecticut this 3rd day of October 2023.
