Break 11:05 AM – 11:15 AM – during which time John Titsworth left for the day

SCHOOL ISSUES – GOODWIN COLLEGE

Present for this discussion were Lois Daniels, Director of Nursing Program, Ann Clark, Vice President, along with the Director of Curriculum. The Board reviewed the Department of Higher Education (DHE) recommendations for the Goodwin College program. The DHE was concerned that the nursing program did not meet the general education requirements specified in the Goodwin College catalog. A strategy suggested was to have a disclaimer in the catalog that specified "...accreditation rules for some career programs cap the total number of credits allowed in a degree. Consequently, these programs will not be able to meet the general education requirements in the standards Goodwin College General Education Mission Statement."

SCHOOL ISSUES – THREE RIVERS COMMUNITY COLLEGE

Ann Branchini, Director of the Nursing Program, along with her Assistant Director, were present for this review. After discussion and review of the documentation provided, Patricia Bouffard moved and Linda Sacheli seconded to grant the program full approval. SCOPE OF PRACTICE – CNA GUIDELINES FOR ACUTE & CHRONIC PAIN CONTROL

Present for this discussion were Polly Barey, Executive Director of the CNA, Lorraine Jalbert, Chair of the CNA Professional Practice Committee and member of the Connecticut Cancer Pain Initiative, Patricia Trotta, Director of the Northeast Pain Division Initiatives of the American Cancer Society, and Shannon Sanford, RN, BSN, Member of the Connecticut Nurses' Association. Shannon Sanford delivered the testimony on behalf of the CNA and the Pain Initiatives for the American Cancer Society Northeast Division regarding the "State of Connecticut Model Guidelines for the Use of Controlled Substances to Treat Acute and Chronic Pain." This group is requesting the Board's adoption of model practice guidelines for the treatment of pain in Connecticut. These guidelines are a draft, in language that speaks to the potential involvement of the Department of Public Health, the Medical Examining Board, the Department of Consumer Protection, the Commission of Pharmacy, and the Board of Examiners for Nursing. This document is being submitted with the vision that all of the above organizations will adopt these model guidelines as a standard of best practice. The testimony heard by the Nursing Board today is the first step in urging the medical, nursing and pharmacy boards to issue a joint statement on pain management and the role of controlled substances for the treatment of pain. The Board will review the information provided to them today and this will be placed on the May 7th agenda.

SCHOOL ISSUES – REGENTS – EXCELSIOR COLLEGE

Excelsior College, formerly Regents College which was an external degree program of The University of the State of New York founded in 1971, is accredited by the Commission on Higher Education of the Middle States Association of Colleges and Schools and the nursing programs are accredited by the National League for Nursing Accrediting Commission. The Board has heard that some states are no longer recognizing this program for licensure. Chair Bafundo will look into this at her next meeting at the NCSBN in Chicago.

YALE UNIVERSITY SCHOOL OF NURSING – SURVEY REVIEW

Dean Catherine Lynch Gilliss presented the report to the Board along with Paula Milone and Margaret Beal. After reviewing the documentation provided it was the unanimous decision of the Board Members present, and Board Member John Titsworth via telephone, that the program be granted full approval. The motion passed. The next review will be May, 2008.

QUINNIPIAC UNIVERSITY ACCELERATED BSN PROGRAM – 2002 GRADUATING CLASS

Dr. Elizabeth McGann, Chair of the BSN Program, presented the report to the Board. The NCLEX-RN pass rate for the first graduates of the Accelerated BSN Program (class of 2002) was 100%. An additional nine students will be graduating from this program in May, 2003. A report of their pass rates will be forwarded to the Board, February 2004. The overall pass rate for the class of 2002 was 93%. It was the unanimous decision of the Board Members present, and Board Member John Titsworth via telephone, that the program be granted full approval. The motion passed. The next review will be November, 2006.

WESTERN CONNECTICUT STATE UNIVERSITY BSN PROGRAM REPORT

Dr. Stephanie Golub, Chair of the Department of Nursing, presented a written report to the Board. The NCLEX-RN pass rate for the class of 2001 was 58.6%. This was the first graduating class in the newly revised curriculum. A plan was developed by the school to increase NCLEX scores and was presented to the Board in November, 2002. The class of 2002 had a pass rate of 85.7%. Dr. Golub discussed the curricular and instructional interventions implemented by the school and the Board. It was the unanimous decision of the Board Members present, and Board Member John Titsworth via telephone, that the program be granted full approval. The motion passed. VINAL PRACTICAL NURSE EDUCATION PROGRAM

The Board reviewed the letter from Patricia Petrone, Vocational-Technical School Consultant, regarding the Department Head at the Vinal PNE Program. Audrey Szczesiul's credentials meet the requirements of the Regulations of Connecticut State Agencies for Nursing Education Programs and Licensure Requirements for the position of Department Head of the Vinal Program.

AMERICAN ASSOCIATION OF CRITICAL-CARE NURSES CERTIFICATION CORPORATION

The Board reviewed correspondence received from the American Association of Critical-Care Nurses (AACN) Certification Corporation regarding its certification examinations for clinical nurse specialists (CNSs). The Connecticut Nurse Practice Act (CGS 20-87a et. seq.) requires certification only for licensure as an Advanced Practice Registered Nurse. The NPA also requires a Master's level degree for APRN Licensure. After review of the documentation, the Board approved the CCNS, advanced practice certification program as satisfying the certification requirement for APRN licensure. The CCRN, generalist certification, program, however, does not satisfy Connecticut's requirement.

SCOPE OF PRACTICE ISSUES

WHO CAN ADMINISTER PROPOFOL

Propofol, most common brand name is Diprivan⁷, should be administered only by persons trained in the administration of general anesthesia, and not involved in the conduct of the surgical/diagnostic procedure. Patients should be continuously monitored, and facilities for maintenance of a patent airway, artificial ventilation, and oxygen enrichment must be immediately available. It was the decision of the Board that Propofol should not be administered by RNs unless it is used as a sedative for already intubated and ventilated patients.

TRACHEAL INTUBATIONS BY AN RN

After discussion, the Board concluded that it is not within the scope of practice of a Registered Nurse. Referring to the decision making model, acceptable educational preparation would only be available to a CRNA. Intubation is much more than just a technique. There are volumes of information to be considered including indications, contraindications, complications, alternatives, monitors to detect correct intubation, and pharmacology of local, topical, sedative, and paralytic medications. Liability is enormous; from a few thousand dollars for broken teeth to multi-million dollar awards for death. Even in the hands of experienced CRNAs and anesthesiologists, disasters can and do happen. While paramedics may perform an emergency intubation in the field, the citizens of this state expect that *in-hospital* care would be delivered by the best qualified and trained professional. ACLS cannot be considered adequate training.

LPN ADVANCING FLEXIBLE SIGMOIDOSCOPE UNDER THE DIRECTION OF MDs

The Board stated that this would be inappropriate as LPNs must work under the supervision or direction of an RN *not* an MD.

FOOT CARE WITHOUT A PHYSICIAN'S ORDER

The Board reviewed a request received by the Podiatry Board regarding foot care without a physician's order. The Board also reviewed the advice from Jane Comerford, Assistant Attorney General, dated June 9, 1993 concerning the performance of foot care by registered nurses. The Board concurred that the tasks of soaking feet, cleaning of toenails with no cuticle disturbance, and the lotioning and powdering of feet are tasks which the RN can delegate to an LPN or a CNA. In the past, with other questions of nursing competence/scope of practice, the Board has referred individuals to the Decision-Making Model. In this case, the question of nursing competence/scope of practice for providing foot care would also be determined using this Decision-Making Model, as well as the Board's Declaratory Ruling on Delegation to the Unlicensed Assistive Personnel.

NURSING SCHOOL REGULATIONS

The Office of the Attorney General is reviewing the technical changes made to the regulations and the regulations will be placed on either the July or August agenda of the Legislative Regulations Review Committee.

CORRESPONDENCE AND STATISTICS ON INQUIRIES

Donna Canalis reviewed correspondence and scope of practice calls received during the past month.

One of the calls received was regarding whether or not a radiologic technologist may administer intravenous medication for diagnostic purposes. The statute reads as follows:

Sec. 20-74dd. Performance of venipuncture and administration of intravenous medication. In any hospital, as defined in section 19a-490, a radiologic technologist licensed by the Department of Public Health, who (1) has completed a course of study in radiologic technology in a program accredited by the Committee on Allied Health Education and Accreditation of the American Medical Association or its successor organization, or a course of study deemed equivalent to such accredited program by the American Registry of Radiologic Technologists and has passed an examination prescribed by the department and administered by the American Registry of Radiologic Technologists or (2) is registered by the American Registry of Radiologic Technologists and has performed venipuncture in the course of his employment for at least three years immediately preceding June 29, 1993, may perform venipuncture and administer intravenous medication for diagnostic procedures.

SCHOOL HEALTH ADVISORY UPDATE

The Department of Education regulations passed by a 4-3 vote to go to public hearing. The tentative plan is to go to public hearing this summer and return to the State Board in August then to the Legislature in the fall.

LEGISLATION AND REGULATIONS UPDATE

- The Medical Assistant Bill is still active.
- Intervention Bill died.
- Med Tech Bill died.
- MD – Pharmacist Bill for long term care industry looks as if it will pass. The Board has concerns on how this will effect the acute care facilities.
- Licensing Fee Increase Bill still active.
- The Public Health Committee has new members and the review process is taking a little longer than usual.

NURSING SCHOOL REGULATIONS UPDATE

After the Legislative Session is over the school regulations should move through the system more quickly. May possibly be placed on the July or August agenda for the Legislative Regulations Review Committee.

NATIONAL COUNCIL OF STATE BOARDS OF NURSING UPDATE

- Annual Meeting is in Alexandria, Virginia August 5 through August 8, 2003.

Valerie Bryan apprised the Board that she recently spoke with Cheryl Carotenuti of the Department of Education. The School Health Advisory Group meets quarterly with the Academy of Pediatrics and will be meeting again at the end of September.

LEGISLATION

Senate Bill 2001: An Act Concerning Public Health, Human Services and other Miscellaneous Implementer Provisions

This is a pilot program for residences for adults with acquired brain injury. This bill allows community-based organizations to operate residences for adults with acquired brain injury on a pilot basis until October 1, 2005 without being licensed by DPH or obtaining a certificate of need from the Office of Health Care Access. This bill allows trained individuals other than licensed nurses to administer medication to residents if they do so under the orders of a physician, dentist, APRN, or PA. The Board is strongly opposed to this bill and will put their concerns in writing.

NURSING SCHOOL REGULATIONS

The draft school regulations have been signed by Acting Commissioner Norma D. Gyle. They are presently at the Office of the Attorney General for formal review.

NURSING BOARD WEB PAGE

The Board of Examiners for Nursing Web Page is now on the Department's Web Site. All of the BOEN Guidelines, the Nurse Practice Act, the Declaratory Rulings, Monthly Discipline, list of RN and LPN Programs in Connecticut and the Minutes are on the Web Page. It can be found on www.dph.state.ct.us which is the Department of Public Health's Web Page and you will scroll down and click on Agency Directory, click on Boards and Commissions, click on Board of Examiners for Nursing.

NCSBN – THE ANNUAL MEETING AUGUST, 2003

The NCSBN met August 5th – 8th in Alexandria, Virginia for their Annual Meeting and 25th Anniversary.

Significant actions included:

- *Election of new Area Directors:* Area I – Greg Harris, JD, Board Member, Arizona BON, Area II – Mary Blubaugh, MSN, RN, Executive Director Kansas BON, Area III – Mark Majek, MS, PHR, Director of Operations, Texas BON, Area IV – Myra Broadway, JD, MS, RN, Executive Director Maine BON
- *Election of Directors-at-Large:* Polly Johnson, RN, MSN, Executive Director North Carolina BON & Marjesta Jones, LPN, Board Member, Alabama BON
- Revision of some portions of the NCSBN Bylaws
- Authorization for the Board of Directors to consider extending the time limit for candidates sitting for the NCLEX-RN examination
- Adoption of the new NCLEX-RN Test Plan
- Creation of a new NCSBN Mission Statement. The mission statement was last revised in 1997: ***NCSBN, composed of Member Boards, provides leadership to advance regulatory excellence for public protection.***
- Review of NCSBN plan to offer NCLEX examinations abroad for domestic licensure. This initiative will not occur prior to 2005. No countries have been selected yet, and multiple criteria will be used to assess the best options.
- Resolution to create a position paper on regulation of nursing assistive personnel, to be heard at the 2004 Delegate Assembly. This will include a model act and rule/regulation language.
- NCSBN Formally celebrated its 25th anniversary. Four member boards, North Carolina, Virginia, New York and New Jersey, celebrated their 100th anniversary of nursing regulation in their jurisdictions.

Specific award recipients included:

- Sharon Weisenbeck, Executive Director, Kentucky BON, received the *R. Louise McManus Award* which is the most prestigious of NCSBN's awards. Individuals nominated for this award have made sustained and significant contributions through the highest commitment and dedication to the purposes of NCSBN.
- North Carolina Board of Nursing received the *Regulatory Achievement Award* which recognizes the member board that has made an identifiable and significant contribution to the purpose of NCSBN in promoting public Policy related to the safe and effective practice of nursing in the interest of public welfare.

- Cookie Bible, Board Member, Nevada State Board of Nursing, received the *Exceptional Leadership Award* which is granted to an individual who has served as president of a member board and has made significant contributions to NCSBN in that role.
- Sandra MacKenzie, Assistant Director for Licensure, Minnesota Board of Nursing, received the *Exceptional Contribution Award* which is granted for significant contribution by a board of nursing staff member who does not serve as an executive officer or a board member who is not the current board president.
- Service Awards were given to the following Executive Officers of Boards of Nursing:
 - Lorinda Inman, Iowa, 20 years of service
 - Faith Fields, Arnsas, 15 years of service
 - Charlene Kelley, Nebraska, 15 years of service
 - Polly Johnson, North Carolina, 15 years of service

EXCELSIOR PROGRAM (FORMERLY REGENTS COLLEGE)

There are several states which are entertaining the motion to disallow approval of the Excelsior Program. This program has lowered its standards as to who can qualify for the program and the program no longer has a clinical component.

FOREIGN NURSES

The NCSBN is moving toward a pilot program to allow the NCLEX exam in certain foreign countries. They have identified target countries and are now looking at security, etc. The solution to our nursing shortage programs is NOT to steal nurses from other countries.

MINUTES – MARCH 5, 2003

The Board reviewed the minutes of March 5, 2003. Patricia Casey moved and Patricia Bouffard seconded that the minutes be approved as written. The motion passed unanimously.

MINUTES MARCH 19, 2003

The Board reviewed the minutes of March 19, 2003. Patricia Casey moved and Linda Sacheli seconded that the minutes be approved as written. The motion passed unanimously.

PNEP PERSONNEL CHANGES

Listed below are the changes in Department Heads at the LPN Programs:

Bullard Havens PNEP – Maureen Maher
E. C. Goodwin PNEP – Ted Moskowitz
Norwich PNEP – Katherine Combe
Eli Whitney PNEP – Anne Simko
J. M. Wright PNEP – Mary Ann Kennedy

Linda Sacheli moved and Joan Dobbins seconded that the credentials of the above listed Department Heads do meet the requirements of the Regulations of Connecticut State Agencies for Nursing Education Program and Licensure Requirements. The motion passed with all in favor and the Board wishes congratulations and good luck to all new Department Heads.

NCLEX SCORES

The Board reviewed the NCLEX scores for the RN & LPN programs. All schools are now over the 80% pass rate.

SCHOOL ISSUES – HENRY ABBOTT PNE PROGRAM

Pamela Cramer, Department Head, was present for this discussion. The NCLEX score for the fourth quarter of 2002 was 79.4%. Ms. Cramer requested that we wait until the next quarter to determine conditional status since two more students were scheduled to take the NCLEX. Because the full year would bring us to June, 2003 the Board agreed to review the NCLEX in July, 2003. In reviewing the NCLEX results, information could not be obtained regarding the additional students. Ms. Cramer presented the school's plan of correction for the conditional status. Linda Sacheli moved and Joan Dobbins seconded that this plan be accepted. The motion passed with all in favor. The next review is scheduled upon receipt of the scores from the next graduating class.

SCHOOL ISSUES – SAINT JOSEPH COLLEGE

The Board reviewed the documentation presented regarding Terry Bosworth. Linda Sacheli moved and Joan Dobbins seconded that Dr. Bosworth's credentials meet the requirements for the position of Administrator as specified in Section 20-90-48 of the Regulations of Connecticut State Agencies for Nursing Education Program and Licensure Requirements. The motion passed with all in favor. The Board congratulates Dr. Bosworth and wishes her success.

SCHOOL ISSUES – WESTERN CONNECTICUT STATE UNIVERSITY

The Board reviewed the request for Co-Chairs for the Nursing Program. Patricia Casey moved and Joan Dobbins seconded that this request be denied. The motion passed with all in favor. Patricia Casey moved and Patricia Bouffard seconded that Dr. Barbara Piscopo Chair the Department of Nursing. The motion passed with all in favor.

SCHOOL ISSUES – THREE RIVERS COMMUNITY COLLEGE

The Board reviewed the documentation presented regarding Ann Branchini and Linda Perfetto. Ann Branchini, Administrator of the Nursing Program, will serve as Interim Academic Dean beginning August 1, 2003 to last for the duration of one year, or until the Academic Dean's position is filled. Linda Perfetto has been appointed as the Interim Director of Nursing. Patricia Bouffard moved and Linda Sacheli seconded to accept these appointments. The motion passed with all in favor.

SCHOOL ISSUES – THREE RIVERS COMMUNITY COLLEGE

Linda Perfetto, Interim Director of Nursing and Allied Health at Three Rivers Community College, presented the Board with a request for an extension of two faculty education waivers and a request for two new education waivers.

Maria Sparmer was granted two previous waivers in 2001 and 2002. Linda Sacheli moved and Patricia Bouffard seconded that Ms. Sparmer be granted a one year waiver based on confirmation that she will graduate with an MSN in May, 2004.

Suzanne Turner is attending Saint Joseph College in Maine, pursuing a Masters Degree in Nursing. She expects to graduate in 2006. She will be teaching senior courses. Because Ms. Turner has requested two previous waivers in 2001 and 2002, Patricia Bouffard moved and Patricia Casey seconded that Ms. Turner be granted a one semester waiver and the following information must be provided to the Board for the September 17th meeting: a matriculation plan to include prior courses taken, and a specific timeline delineating courses to be taken for completion of a Masters Degree, photocopies of advertisements and/or letters for purposes of recruitment, the number of employment inquiries, the number of job applicants and credentials of applicants, the number of individuals offered the position, the number of refusals, and the reasons for the refusals. The motion passed with all in favor.

Karen Goetchius is currently pursuing a Masters Degree in Nursing Education at the University of Hartford. Ms. Goetchins expects to complete her Masters Degree in 2006. Linda Sacheli moved and Patricia Bouffard seconded to grant Ms. Goetchins a *one year waiver*. A matriculation plan to include prior courses taken and a timeline delineating courses to be taken for completion of her Masters Degree was requested for the Board's review. The motion passed with all in favor.

Dianne Oppert will begin teaching freshman level students as a clinical adjunct faculty member. She has completed two semesters of course work toward her Masters at the University of Connecticut and is now meeting with the University of Hartford to pursue a Masters in Nursing Education. Patricia Bouffard moved and Linda Sacheli seconded to grant a *one semester* waiver for Ms. Oppert. A matriculation plan to include prior courses taken and a timeline delineating courses to be taken for completion of her Master Degree was requested for the Board's review. The motion passed with all in favor with the exception of Patricia Casey who was opposed.

In addition, an outline indicating full-time staff members who will mentor all waived staff was requested. The above information was to be submitted to the Board of Examiners for Nursing to be reviewed at the September 17, 2003 meeting. The waivers granted by the Board were to be contingent upon receipt and approval of all additional information submitted as requested.

SCHOOL ISSUES – QUINNIPIAC UNIVERSITY

The Board discussed information that recently came to their attention that Quinnipiac University is considering opening an educational program for Anesthesiology Assistants. We cannot attest to their safety for the citizens for the State of Connecticut as Anesthesiology Assistants have no authority to practice in Connecticut under any statute or regulation. Connecticut has an anesthesia provider that is educationally and experientially prepared to deliver anesthesia care and are licensed as APRNs. These APRNs are Certified Registered Nurse Anesthetists who have a proven track record of safe and effective care for over 100 years. Applicants to a nurse anesthesia school must have a bachelors' degree and at least one year acute care nursing experience. The average applicant *accepted* into nurse anesthesia school has three years of nursing experience. To start a program for Anesthesiology Assistants before there are any statutory or regulatory parameters for assuring the quality of the educational program and its graduates may also post a burden on the Department of Public Health and its Nursing and/or Medical Boards. There is currently no identified state authority to oversee or approve the accreditation of the program, unlike the national accrediting agency for Nurse Anesthetist Programs. In addition there is no state identified or recognized certifying agency or certification examination, or license or registration procedure to allow oversight of their practice or even their training in Connecticut.

SCOPE OF PRACTICE – CAN AN RN ADMINISTER PROPOFOL

The Board reviewed the scope of practice question submitted by Wiggin & Dana on behalf of a hospital client as to whether an RN with appropriate training and supervision may administer Propofol with physicians in attendance. After review of the article submitted and open discussion, the Board maintained their previous position as written in the Board of Examiners for Nursing Minutes of May 7, 2003. Propofol, most common brand name is Diprivan7, should be administered only by persons trained in the administration of general anesthesia, and not involved in the conduct of the surgical/diagnostic procedure. Patients should be continuously monitored, and facilities for maintenance of a patent airway, artificial ventilation, and oxygen enrichment must be immediately available. It was the decision of the Board that Propofol *should not be* administered by RNs unless it is used as a sedative for already intubated and ventilated patients.

SCOPE OF PRACTICE – CAN AN RN PAN THE X-RAY TABLE DURING ANGIOPLASTY

The Board reviewed the scope of practice question submitted on behalf of a hospital client as to whether an RN with appropriate training and supervision may “pan” the x-ray table while a patient is undergoing an angioplasty. The letter further clarified that the cardiologist operates a foot pedal which controls the length of time that the patient is exposed to the radiation beam. In addition the cardiologist is always present to supervise the RN during the procedures and controls the operation of the actual x-ray source. It was the unanimous decision of the Board that under the above conditions and with appropriate training, determination of competency, and supervision, the Board determined that “panning” is within the scope of practice for an RN.

Break 11:55 AM – 12:06 PM

FACT FINDING – ELIZABETH CURTIN, RN, E37270

In reference to the Statement of Charges, Joan Dobbins motioned as follows:

Paragraph 1- was admitted

Paragraph 2, 3, 4 – can be found

Paragraph 5 – admitted

Paragraph 6 – can’t be found on this charge

Paragraph 7 – first sentence true, second sentence cannot be found as it is unclear where paper went

Paragraph 8 – can’t be found

The motion was seconded by Patricia Casey and passed with all in favor with the exception of Armand Amendola and Joyce Hunt who abstained.

REMEDY – ELIZABETH CURTIN, RN, R37270

Joan Dobbins moved and Patricia Casey seconded that Ms. Curtin’s license be placed on probation for four years with the usual restrictions including no agency work, monthly employer and therapist reports, drug/alcohol screens weekly for the first two years and twice per month for the remainder of the probation, the medication key restriction for six months, and Ms. Curtin is not to work in a management or supervisory position for two years. The motion passed with all in favor with the exception of Armand Amendola and Joyce Hunt who abstained.

FACT FINDING, REINSTATEMENT REQUEST – RICHARD PEPE, RN-R31471, APRN-000074

Joan Dobbins recused herself from this discussion. Patricia Bouffard moved and Patricia Casey seconded that Mr. Pepe's RN license be reinstated to probation for two years along with a refresher course to update his theoretical and clinical nursing skills, and successful completion of the NCLEX-RN and moved that Mr. Pepe's APRN license reinstatement be denied. Patricia Casey moved to amend the RN probationary period to four years with the standard terms, refresher course, and successful completion of the NCLEX-RN. Patricia Bouffard agreed to amend the original motion which passed with all in favor with the exception of Joan Dobbins who recused herself. Patricia Casey moved that Mr. Pepe's APRN license not be reinstated at this time. The APRN license is not an entry level license and Mr. Pepe has been out of the work force for seven years. Mr. Pepe can reapply for his APRN license after two years of RN practice. The motions passed with all in favor.

FACT FINDING – JEAN STOREY, RN, R11024

Attorney Martha Murray was present representing Ms. Storey. In reviewing the Statement of Charges, Patricia Casey moved that Ms. Storey admitted paragraphs 1, 2, and 3B, and that she could not be found on paragraphs 3A, 3C, and 4. The motion was seconded by Joyce Hunt and passed unanimously. It was noted that the Respondent admitted that she failed to call Code 99.

REMEDY – JEAN STOREY, RN, R11024

Patricia Casey moved and Joyce Hunt seconded that this case be dismissed. The motion passed with all in favor. Patricia Casey made a motion to vacate the Summary Suspension immediately. The motion was seconded by Joyce Hunt and passed unanimously.

FACT FINDING – SUSAN WILLIAMS, RN, E52396

Ms. Williams was not present and did not have representation. Joan Dobbins moved and Linda Sacheli seconded that Ms. Williams be found on all charges. The motion passed with all in favor.

REMEDY – SUSAN WILLIAMS, RN, E52396

Joan Dobbins moved and Linda Sacheli seconded that Ms. Williams' license be placed on probation for four years with monthly employer and therapist reports, drug/alcohol screen reports weekly for the first three years and twice per month for the last year, she is not to have access to the narcotic keys nor be allowed to administer controlled substances for twelve months upon her return to work as a nurse, and the standard work environment restrictions. The Summary Suspension will remain in place until the Memorandum of Decision becomes effective. The motion passed with all in favor.

MOTION FOR SUMMARY SUSPENSION – LISA KOTECKI, LPN, 025239

Legal Office Attorney Roberta Swafford presented the Board with a Motion for Summary Suspension for Lisa Kotecki. Attorney Peter Bartinik was present with Ms. Kotecki. Assistant Attorney General Kerry Colson was present to provide counsel to the Board. Patricia Casey moved and Joan Dobbins seconded that the Motion for Summary Suspension be granted. The motion passed with all in favor. Chair Bafundo signed the Summary Suspension Order and the Notice of Hearing scheduling the hearing for September 17, 2003.

INTRODUCTION OF THE BOARD AND DISCUSSION OF THE MAJOR DUTIES OF BOARD

The Board introduced themselves to the audience and discussion took place regarding the major duties of the Board which are to protect public safety, regulating and monitoring schools of nursing, and disciplinary issues.

CHAIR UPDATE

Chair Bafundo met several times over the summer months with the Future for Nursing Committee.

OPEN FORUM

No issues were brought up for discussion by the observers in the audience.

REORDERING OF AGENDA

The Board agreed to revise and reorder the agenda as they proceed.

SCOPE OF PRACTICE – MEDICATION ADMINISTRATION TRAINING FOR CHILD CARE PROVIDERS

Dr. Angela Crowley and Rhonda Herschel presented to the Board a case study which they conducted exploring the development of medication administration training for child care providers in the State of Connecticut and implications for nursing liability as a result of providing this training. Topics discussed were delegation vs. professional activity and the role of the nurse consultant and scope of nursing practice. A rationale was presented in support of designating medication administration of child care providers by nurses as a professional activity, rather than as nursing delegation. This action by the Board will minimize undue liability for nurse trainers, thus expanding access to training and improving the services for children in child care programs in the State of Connecticut. Kathy Combe moved and Patricia Casey seconded that the Board designate medication administration training of child care providers as a professional activity of the registered nurse and will look at it on a case-by-case basis. This will prevent nurses from labeling it as “delegation” which, by definition, says that the responsibility for the outcome remains with the nurse. The motion passed with all in favor.

SCOPE OF PRACTICE – INFLUENZA IMMUNIZATION CLINICS

The Board received correspondence questioning whether or not it is acceptable for an unlicensed person, or retired unlicensed nurse to fill syringes with flu vaccine at a public clinic. It was the determination of the Board Members present that if you are administering the flu vaccine you must either prefill the syringe yourself or it must be done by a pharmacist or a pharmacy. Please refer to the General Statutes of Connecticut, Pharmacy Section 20-571 Section (1) “Administer” and Section (9) “Dispense.” Medication administration by any route remains a licensed activity, unless a specific statutory exemption exists.

SCOPE OF PRACTICE – LASER TREATMENTS, COLLAGEN INJECTIONS, FACIALS, BOTOX

The Board reviewed the scope of practice question submitted by the Greenwich Department of Health, about the type of cosmetic treatments an RN or an APRN can perform with or without physician supervision. The specific treatments addressed in this letter were:

- Laser Treatments – hair, age and sun spot removal, capillary removal, impulse light treatment (IPL)
- Collagen Injections
- Facials- beta, microdermabrasion and glycolic treatment
- Botox injections

After review of the information submitted and open discussion, the Board maintained that the above mentioned treatments are within the scope of a RN and APRN who have received the appropriate training, demonstrated skill/competency and have appropriate resources available to them for consultation and supervision. Nurses are well within their scope to administer medications and implement MD/APRN orders when providing nursing care. APRN’s as stated in the Nurse Practice Act must have a collaborative agreement with a Physician. The Board encourages the use of the Decision Making Tree, which clearly identifies the three areas of consideration when determining scope of practice:

Is the procedure legal/illegal? The procedures were reviewed and are not identified as the practice of medicine or surgery. Case in point, Laser hair removal by a RN has been reviewed by the Attorney General's Office and has been supported to be within the practice of the RN (this was brought about by the Medical Examining Board). Medications and the implementation of diagnostic/interventions may require a prescription or order which when a collaborative agreement with a MD is in place allows for the APRN to generate. RN's may implement APRN generated orders.

1. **Is the individual performing the procedure trained or not?** Individuals who administer or implement care activities must demonstrate knowledge – either in their initial preparation or acquired post initial licensure.
2. **Is the individual competent to perform the procedure?** The Board recognizes that ongoing maintenance of competence is crucial and that a licensed nurse must demonstrate that they can perform the care activity safely and have established a plan to maintain and validate this. In addition, consideration must be given by the licensed nurse to assure that adequate and appropriate resources (personnel and equipment) are immediately available before providing that care.

The Board also discussed with the representatives from the Department of Health that an unlicensed person cannot perform these procedures. Physician/MD orders must be specifically written for each procedure and the RN or APRN must affirm that these orders are consistent with the client's plan of care.

Physician/APRN collaborative agreements must be written to address the population and types of diagnostics and interventions that may be ordered. The RN is well within their scope to implement these orders and does not require a collaborative agreement. The RN must affirm that these orders are consistent with the client's plan of care prior to implementation. A specific prescription for each procedure is not required.

SCOPE OF PRACTICE – FOOT CARE

At the May 7, 2003 meeting of the Connecticut Board of Examiners for Nursing, the March 12, 2003 response from Jeffrey Kardys, Board Liaison, was reviewed. The Advice from Jane Comerford, Assistant Attorney General, dated June 9, 1993, concerning the Performance of Foot Care by Registered Nurses was also reviewed.

The Board of Examiners for Nursing concurs that the tasks of soaking feet, cleaning of toenails with no cuticle disturbance, and the lotioning and powdering of feet are tasks which the registered nurse may delegate to a licensed practical nurse or a certified nurse aide.

In the past, with other questions of Nursing Competence/Scope of Practice, the Board of Examiners for Nursing has referred individuals to the Decision-Making Model. In this case, the questions of Nursing Competency/Scope of Practice for providing foot care would also be determined using this Decision-Making Model, as well as the Board's Declaratory Ruling on the Delegation to Unlicensed Assistive Personnel. As cases are brought to the attention of the Board they will be reviewed on an individual basis.

All cases brought before the Board will be handled on a case-by-case basis. The Decision-Making Model, as well as all Board Guidelines, are posted on the Board's Web Site.

SCOPE OF PRACTICE – ROLE DIFFERENCES CNS & NURSE PRACTITIONERS

The Board discussed the role of the Clinical Nurse Specialist (CNS) and the Nurse Practitioner (NP) and the fact that they can both be licensed as APRNs. There are very few CNS programs in Connecticut. There are many CNS' in this state that never took an advanced pathophysiology course. They have been certified as CNS' but did not go through a formal program. Hospitals are attempting to use them as NPs and it appears they are working outside of their scopes. In addition we discussed CNS' who are looking to expand their scope and discussed the potential ability for mentoring and additional courses.

APRN CERTIFICATION PROGRAMS

The Board discussed APRN Certification Programs and deferred to NCSBN's review. The NCSBN is struggling with CNS' and NPs. CNS' don't necessarily want prescriptive authority but would like their own licensure level.

NCSBN WEB SITE

The Board would like to know whether this document would become a document of the NCSBN. Valerie Bryan is waiting to hear back from the NCSBN for clarification.

SCHOOL HEALTH ADVISORY UPDATE

Valerie Bryan apprised the Board that there was nothing new to report.

LEGISLATION AND REGULATION UPDATE

The acquired brain injury medication administration pilot program, there are two programs in the state. The bill has passed but they are looking for input regarding the program and its implementation. Concerns are who is administering the medications and are they adequately prepared and competent? Is there a supervision and monitoring piece in place. Are the treatments in the plan of care appropriate? If there is a mistake, who is going to know and who is going to do anything about it?

The maximum work hours, mandatory overtime bill did not pass.

The medication administration pilot program did not pass.

APPROVAL OF MINUTES

Patricia Bouffard moved and Patricia Casey seconded that the minutes for July and August, 2003 be approved as written. The motion passed with all in favor.

SCHOOL ISSUES – GATEWAY COMMUNITY COLLEGE – WAIVER REQUEST

Sheila Solernou, Program Director at Gateway, and Mary Shuler, Director of Norwalk Community College Nursing Program, were both present for this discussion. The Board reviewed the documentation provided regarding the faculty education waiver requests. Patricia Bouffard moved and Linda Sacheli seconded that the faculty education waiver for Joan Palladino be granted for one year as Ms. Palladino is enrolled in the Master's program at the University of Hartford and is expected to graduate in May, 2004. The motion passed with all in favor. Linda Sacheli moved and Joyce Hunt seconded that Mary Beth Kelly be granted a temporary waiver for the Fall, 2003 semester only as she is not presently enrolled in a master's program although she is planning to pursue this. The motion passed with all in favor except Chair Bafundo and Patricia Casey who were opposed.

SCHOOL ISSUES – THREE RIVERS COMMUNITY COLLEGE – WAIVER REQUEST

Linda Perfetto, Interim Director of Nursing and Allied Health, was present for this discussion. The Board had requested additional information at the September 3, 2003 which was provided. The Board affirmed its prior decision to grant the following waivers: Maria Sparmer – one year, Karen Goetchius – one year, Suzanne Turner – Fall, 2003 semester only, and Dianne Oppert – Fall, 2003 semester only. John Titsworth arrived during this discussion. The motion passed with all in favor.

SCHOOL ISSUES – VINAL PNE PROGRAM SURVEY REVIEW

Audrey Szczesiul, Department Head, was present for this discussion.

An on-site visit was conducted September 17-18, 2003, which included one day of clinical observation at Health Haven in Cromwell. The day class has 26 students scheduled to graduate January 13, 2004. The school is piloting an evening program that consists of 20 students and two full-time faculty. This program is entirely separate from the day program and therefore should have a separate NCLEX Code for monitoring purposes. Graduation is scheduled for July, 2004.

The Board requests a self evaluation report in six months (April, 2004) which addresses the concerns listed, and delineates plans, timelines, and measures which have been initiated to reduce the Department Head's time spent on non administrative responsibilities.

Patricia Bouffard moved and Joyce Hunt seconded that the program be granted full approval although the Board requests a self-evaluation in six months (April, 2004) which delineates plans, timelines, and measures which have been initiated to reduce the Department Head's time spent on non-administrative responsibilities. The motion passed with all in favor with the exception of Katherine Combe who abstained.

SCHOOLS ISSUES – HENRY ABBOTT PNE PROGRAM SURVEY REVIEW

Pamela Cramer, Department Head, was present for this discussion. The self-study report was submitted and reviewed. An on-site visit was conducted September 25-26, 2003, which included one day of clinical observation at Filosa Convalescent Home and Danbury Hospital which included medication administration, team leading, and a post conference. The NCLEX score for 2000 – 2002 was 79.4%. A plan of correction was verbally presented to the Board and accepted September 3, 2003. The plan of correction was subsequently submitted in writing. The NCLEX score of 2000 – 2003 was 79.4% necessitating a plan of correction and conditional approval status, as of September 3, 2003.

Patricia Bouffard moved and Joyce Hunt seconded that the program be granted Conditional Approval. The next review will be the six month self-evaluation report in April, 2004 and the NCLEX results of the graduating class of January, 2004. The motion passed with all in favor with the exception of Katherine Combe who abstained.

Break 11:22 AM – 11:40 AM – Patricia Casey left during the break

ADDITIONAL ITEMS AND REORDERING OF AGENDA

There were no additional items to add to the agenda and the Board agreed to reorder the agenda as they proceed. The History of the BOEN will be tabled to the February agenda.

REINSTATEMENT REQUEST LAPSED LICENSES

BONNIE HONG, RN, E30695

Stephen Carragher presented the Board with a reinstatement request for Ms. Hong. Due to the fact that Ms. Hong has been practicing without a license for quite some time, it was the recommendation of the Board that this request be referred to the Investigations Unit of DPH. The physician Ms. Hong has been working for should also be referred to the Investigations Unit.

JOAN THERESA MAGENNIS, RN, E29556

Stephen Carragher presented the Board with a reinstatement request for Ms. Magennis. It was the recommendation of the Board that the reinstatement request be denied due to the length of time since she last worked as a nurse. The Board noted that after this lengthy time period a refresher course would be insufficient to allow her to bring she skills up to date. The Board recommended repetition of a basic registered nurse program, that she retake the NCLEX-RN exam, followed by application for licensure as an RN.

JOAN McGUIRE, RN, E43223

Stephen Carragher presented the Board with a reinstatement request for Ms. McGuire. It was the recommendation of the Board that the reinstatement request be denied due to the length of time since she last worked as a nurse. The Board noted that after this lengthy time period a refresher course would be insufficient to allow her to bring she skills up to date. The Board recommended repetition of a basic registered nurse program, that she retake the NCLEX-RN exam, followed by application for licensure as an RN.

SCHOOL ISSUES: A. I. PRINCE PRACTICAL NURSE PROGRAM SURVEY REVIEW

Gayle Whitmore, Department Head, was present for this discussion. The self study report was submitted and reviewed. Donna Canalis conducted an on-site visit on October 28-29, 2003, which included one day of clinical observation at Saint Francis Hospital and Medical Center. Thirty-six students are expected to graduate in January, 2004.

Patricia Bouffard moved and Patricia Casey seconded that the program be granted Full Approval although the Board requests a self-evaluation report in six months (May, 2004) which addresses the Board's concerns and delineates plans, timelines, and measures which have been initiated to reduce the Department Heads time spent on non administrative responsibilities. The motion passed with all in favor.

SCHOOL ISSUES: NORWICH PRACTICAL NURSE PROGRAM SURVEY REVIEW

Katherine Combe, Department Head, was present for this discussion. The self study report was submitted and reviewed. Donna Canalis conducted an on-site visit on October 20-21, 2003, which included one day of clinical observation at the Backus Hospital in Norwich.

Patricia Bouffard moved and Patricia Casey seconded that the program be granted Full Approval although the Board requests a self-evaluation report in six months (May, 2004) which addresses the Board's concerns and delineates plans, timelines, and measures which have been initiated to reduce the Department Head's time spent on non administrative responsibilities. The motion passed with all in favor.

SCHOOL ISSUES – ST. VINCENT COLLEGE – NEW PROGRAM ADMINISTRATOR

The Board reviewed the credentials for Susan E. Abbe, RN, PhD. It was the unanimous decision of the Board that the credentials for Susan E. Abbe, RN, PhD, meet the requirements of the Regulations of Connecticut State Agencies for Nursing Education Program and Licensure Requirements for the position of Program Administrator for Nursing

SCHOOL ISSUES – NCLEX SCORES

Donna Canalis reviewed the NCLEX scores for the last quarter with the Board. There were no schools below the 80 percentile.

SCOPE OF PRACTICE – PROPOFOL

At its May 7, 2003 meeting the Board of Examiners for Nursing discussed the administration of Propofol. Propofol, most common brand name is Diprivan⁷, should be administered only by persons trained in the administration of general anesthesia, and not involved in the conduct of the surgical/diagnostic procedure. Patients should be continuously monitored, and facilities for maintenance of a patent airway, artificial ventilation, and oxygen enrichment must be immediately available. It was the decision of the Board that Propofol should not be administered by RNs *unless* it is used as a sedative for already intubated and ventilated patients. The Board's opinion is that nurses should not be giving Propofol without training and supervision, and determination of competency.

SCOPE OF PRACTICE – PAIN CONTROL SUMMIT

Chair Bafundo, Joan Dobbins, and Valerie Bryan attended the Pain Control Summit meeting at the Department of Public Health with representation from the Office of the Attorney General, the Connecticut Medical Examining Board, the Pharmacy Commission, and the American Cancer Society. The discussion was regarding the "State of Connecticut Model Guidelines for the Use of Controlled Substances to Treat Acute and Chronic Pain." This group discussed the adoption of model practice guidelines for the treatment of pain in Connecticut. These guidelines are a draft, in language that speaks to the potential involvement of the Department of Public Health, the Medical Examining Board, the Department of Consumer Protection, the Commission of Pharmacy, and the Board of Examiners for Nursing. This document is being submitted with the vision that all of the above organizations will adopt these model guidelines as a standard of best practice. There was agreement on language revision and Assistant Attorney Henry Salton and Stanley K. Peck, Director, DPH Legal Office, were going to work on the language revisions.

SCOPE OF PRACTICE – VERBAL ORDERS

Valerie Bryan has apprised the Board that the Department continues to receive calls regarding the LPN receiving verbal orders and/or telephone orders. There are concerns from the Department of Mental Retardation and Long Term Care. Discussion occurred regarding the difference between taking the order and implementing it in the plan of care. The Board discussed several issues and decided that this should be tabled to the next agenda.

SCOPE OF PRACTICE – MEDICAL PROTOCOLS

Elizabeth Beaudin updated the Board on this document and discussed the four guidelines: prescribing order available, individualized order, monitoring parameters in place, described protocols in writing. There is nothing in place for when the protocol will be discontinued, renewed, or re-evaluated. Changes will be made and the document will be recirculated at the next meeting.

CORRESPONDENCE AND STATISTICS

Donna Canalis reviewed the scope of practice calls received in the office during the past month. Ms. Canalis will check with Diane Cybulski regarding the confidentiality issue.

SCHOOL HEALTH ADVISORY UPDATE

Valerie Bryan apprised the Board that the next meeting will be November 17th. Ms. Bryan will check with Cheryl Carotenuti to see if Board of Examiners for Nursing participation is required. Also she will invite Cheryl Carotenuti to attend an upcoming Board meeting to apprise the Board of recent Department of Education activities.

NURSING SCHOOL REGULATIONS UPDATE

The nursing school regulations were presented to the Legislative Regulations Review Committee and were rejected without prejudice regarding technical changes. The changes will be made and they the regulations will again be sent to the Office of the Attorney General for review.

LEGISLATIVE UPDATE

There is confusion out in the community as to who can and who cannot pronounce death. At present an RN can pronounce although an APRN cannot pronounce unless they have a current RN license. DPH will be submitting a Legislative Proposal in the upcoming session requiring all APRNs maintain a current RN license. The Board would like to invite Karen Buckley Bates, the DPH Legislative Liaison to attend the next business meeting to discuss the Department's Legislative Proposals for the 2004 Session.

LICENSURE ISSUES

Homeland Security is looking at Immigration Issues of the Canadian Nurses, NCLEX, and CGFNS. Jennifer Filippone is looking into this and the Visa issues. The Board would like to invite Jennifer Filippone to attend the next business meeting to discuss these issues.

MONITORING ISSUES

Kathy Boulware was present to discuss monitoring issues with the Board and frequency of reports from employer and therapists. DPH is requesting that because of the volume of the cases that are being monitored and the reduction in staff, that employer and therapist reports should be forwarded to DPH on a quarterly basis rather than a monthly basis. The Board feels it will be more difficult for the *reporters* to remember each employees activities during a three month period rather than a one month period. The Board does not feel that the quality of the reporting will improve. The Board's position is that they have the responsibility to make sure that the public is protected. The Board may consider monthly reporting for the first and last years with quarterly reporting in between. The Board *will not* support quarterly reporting for the entire probationary period. Kathy Boulware will discuss the Board's concern with Bonnie Pinkerton and the Board requests that the instructions to the Employers and Therapists which is in bold print on the bottom of the reporting sheets be moved to the top of the page in a larger bold print. This will be brought back to the Board at a later date for further discussion.

MEMORANDA OF DECISION

Jeffrey A. Kardys presented the Board with the following Memoranda of Decision.

DEBORAH PALMER, LPN, 027817

Joan Dobbins moved and Patricia Casey seconded that the Board affirm its prior decision to Censure Ms. Palmer's license. The motion passed with all in favor. Chair Bafundo signed the Decision.

LYNN SWARTZ, RN, E43836

Joan Dobbins moved and Patricia Casey seconded that the Board affirm its prior decision to issue Ms. Swartz a written reprimand. The motion passed with all in favor. Chair Bafundo signed the Decision.

OPEN FORUM

Chair Bafundo asked the audience if they had any issues they would like to bring before the Board and there were no comments.

REVISION OF AGENDA

Removed from this agenda were the History of the Board and the Medical Protocol discussion. These two items will be placed on the February 4, 2004 agenda.

2004 LEGISLATIVE SESSION

Karen Buckley Bates, Legislative Liaison for the Department of Public Health, provided the Board with a Draft Copy of the Department of Public Health's Legislative Proposal for 2004. Of particular interest to this Board would be Section 8, which will be changed to APRNs must have an RN license, Section 9, changes to temporary permits – our present system only allows one lifetime permit, and Section 10 pertains to graduate students. There was discussion regarding Vital Records statutes and town clerks with recommendations as to who can “certify” death, not “pronounce” death. New changes would be that MDs, PAs, APRNs, and RNs can certify death, this is only is an expected death and the draft on this is not yet available. The present statute allows RNs to pronounce but not the APRN. If the APRN maintains a current RN license they can pronounce. The difference between pronouncement and certification is that pronouncement is yes this person is dead and to certify is that yes this person died of etc. Also discussed was immunizations by Medical Assistants. Immunizations are a licensed function and cannot be done by a Medical Assistant. Physicians have complaints that they are having difficulty getting nurses to do this function. There was discussion of Feeding Assistants in nursing homes – the Feeding Assistants would receive training and would be under the responsibility of the RN. Discussion regarding the mandatory overtime issue - this will probably be coming back. Government Relations is currently monitoring the Nursing Education Regulations.

DPH and Department of Mental Health and Addiction Services – there are currently six facilities currently running this pilot program where non licensed personnel provide medications to acquired brain injury patients. There will be a meeting in January regarding this pilot program and one of the concerns is who supervises the non licensed personnel.

Karen apprised the Board that Joe Oros from the Office of Government Relations has left DPH and she introduced Nancy Nicolescu, Legislative Analyst, who will be taking on a more active role in coordinating the regulation piece.

Jennifer Filippone discussed with the Board on-line licensure. They are currently working out the issues and the intent is to collect additional data. Jennifer has been working with the Office of Work Force Competitiveness and Distance Consortium. They are trying to get together the data they are going to need, the issues they want to look at, and looking at enhancements to our data processing system. Initially the DPH program will start with on-line renewal licensure. Presently the majority of the states have on-line licensure. The information we receive on the renewal cards is not being captured yet. We need additional information as to what is needed on the cards. The goal is to use these renewal cards by all disciplines with nursing at the top of the list. The process will also allow for paper licensure.

There is an Advisory Committee for Adverse Event Reporting and this committee is requesting that a nurse be part of the panel. They are looking at trying to balance the public's right to know and the kind of data we are collecting. Connecticut collects a huge amount of data but nothing is done with this information.

Adverse Reporting: The Board is seeing many more cases which really do not need to be brought to the Board. This issue needs to be addressed. There is a right for the public to know but it is becoming harmful rather than helpful. We need to turn the information back to the hospitals to better this system.

Chair Bafundo stated that the Board is seeing cases where the adverse report is now included in the file being brought to the Board. DPH investigators don't necessarily have the expertise needed to go into the hospitals to investigate.

Chair Bafundo discussed bills of concern which are the Pharmacy Bill and Long Term Care Bill.

Chair Bafundo discussed Mutual Recognition, multi state licensure in the case of emergency to allow nurses to cross the borders. Connecticut is now being surrounded by states who have multi state licensure. One of the main concerns is the loss of licensure funds to the general fund.

Chair Bafundo questioned Karen Buckley Bates on information regarding the Nurse Intervention Bill, information on controlled substances elimination, and information on mandatory ratios. Karen will provide the Board with a list of the bills as they come in. The Legislative Session for 2004 is February 4th through May 5, 2004.

The Board discussed the new policy of reducing the minimum interval of days between repeat NCLEX examination administrations from 90 to 45 days which will begin on January 1, 2004. With this new policy, candidates will be permitted to take the NCLEX examination eight times a year, but no more than once in any 45-day period, unless limited to fewer re-takes by the desired jurisdictions of licensure. Based on the NCSBN survey 52 Boards will be participating in the new policy, with nine Boards following the current 90 day re-take policy.

REINSTATEMENT REQUEST – CONSTANCE STEFFES, LPN, 022812

Stephen Carragher presented the Board with a reinstatement request for Ms. Steffes. It was the recommendation of the Board Members present that Ms. Steffes successfully complete a Board approved refresher program with both a theoretical and clinical component.

EXAMINATION REQUIREMENTS FOR LICENSURE

Jennifer Filippone reported that Canadian Nurses coming into the United States for initial licensure do need the CGFNS and NCLEX. If Canadian Nurses are endorsing into Connecticut *from another state* they currently do not need CGFNS. We cannot identify who has come from Canada and has not taken NCLEX. DPH is working with NCSBN to expedite the examination process for Canadian nurses who need to take NCLEX. Homeland Security has stated that there are no grandfathering provisions. Individuals are being notified through visa renewals.

SCOPE OF PRACTICE – VERBAL ORDERS

This issue will be tabled to the February, 2004 agenda. Marsha Noll from the Department of Mental Retardation expressed concerns from DMR regarding their facilities. If there is a change to an order, the order cannot be implemented until it has been reviewed by an RN. Another concern, what would happen in the case of an emergency? Also, a large part of the state does not have access to cell phones service. As far as the telephone triage book, can the LPN do this? There will be further discussion on these issues at the February meeting.

NCSBN WEB SITE

The Board needs additional information to make a determination. Valerie Bryan will continue to work on this.

CORRESPONDENCE AND INQUIRIES

Donna Canalis apprised the Board of the scope of practice inquiries received during the past month.

- Still receiving inquires as to whether or not an RN has to be working in an MD office where an LPN is employed. The answer is YES as the LPN must work under the direction of an RN, not under the direction of an MD.
- Questions received as to whether an LPN can administer Remicade for arthritis treatment in an MDs office with no RN available. An RN must be available in the MDs office since an LPN works under the direction of an RN.
- There is a need for education in the MD community that Medical Assistants cannot administer medications. This is a licensed function.
- Questions received as to whether or not an LPN can triage in the ER – This is not within the scope of practice of an LPN, since the LPN must work under the direction of an RN and contribute to the total assessment.

SCHOOL ISSUES – GATEWAY COMMUNITY COLLEGE ADN PROGRAM

Sheila Solernou, Program Director at Gateway, presented to the Board Gateway ADN Program's request for independent status. Mary Schuler, Director of the Norwalk ADN Program was also present for this discussion. Norwalk Community College entered into a two year agreement with Gateway Community College to provide associate degree nursing education to 24 students at Gateway in September, 2002. Faculty and curriculum were provided through Norwalk Community College. A letter was sent to the Board of Examiners for Nursing (BOEN) dated November 21, 2003 by Ms. Solernou informing the BOEN that Gateway planned to seek independent status once the class of 2004 graduates and requested guidance as to how to proceed with this process.

The following decisions were made by the BOEN:

1. Gateway Community College will remain on Conditional Status until NCLEX results are received and approved (August, 2004)
2. A self-study report will be submitted in July, 2004
3. A BOEN meeting will be held September 1, 2004 and if all criteria are met, Gateway will be granted full approval. Therefore students beginning the program September 4, 2004 will automatically be Gateway College students if independent status is granted.
4. The class admitted 2003 will be entering its senior year in the fall of 2004. When granted independent status, these students can be transferred to Gateway Community College Nursing Program. The next review will be at the BOEN meeting on September 1, 2004.

SCHOOL HEALTH ADVISORY

Valerie Bryan spoke with Cheryl Carotenuti from the Department of Education and there is nothing new to report.

NURSING SCHOOL REGULATIONS UPDATE

The technical changes have been made to the regulations. The Department is awaiting the date that this will be placed on the agenda for the Legislative Regulation Review Committee meeting.

NCSBN MID YEAR MEETING

The NCSBN Mid Year Meeting will be held in Chicago March 3, 4, and 5, 2004. The NCSBN Annual Meeting, Delegate Assembly, will be held in Kansas City, Missouri on August 3, 4, 5, and 6, 2004. The NCSBN is also having an Executive Officer Annual Meeting which Connecticut is not invited to because we do not have an Executive Officer. The Board questioned what they would need to do as a Board to have the Executive Officer position reinstated. There are too many disadvantages to not having an Executive Officer. We really need an Executive Officer to take the lead with the multistate licensure issue. Connecticut is one of the few states that does not have an Executive Officer.

Break 11:00 AM – 11:25 AM

REINSTATEMENT HEARING REQUEST – LESLIE SILVERSTEIN, LPN, 024448

The Board reviewed Ms. Silverstein's request for a reinstatement hearing. It was the recommendation of the Board Members present that Ms. Silverstein's request for a reinstatement hearing be granted. The Board would like Ms. Silverstein to address what she did between 1996 and 2000 as the documentation did not address this time period.

MEMORANDA OF DECISION

YVONNE GRAHAM, RN, R31125

BRENDA VALAUSKAS, RN, E25509 – JUNE 4, 2003 HEARING

BRENDA VALAUSKAS, RN, E25509 – JULY 2, 2003 HEARING

BEVERLY PLATT, LPN, 020485

KAREN KUBISEK, RN, 019754

RICHARD HOULE, RN, 066847

Janice Wojick presented the Board with the above Memoranda of Decision. Joan Dobbins moved and Patricia Bouffard seconded that the Board affirm their prior decision on all the cases. The motion passed with all Board Members present. Due to lack of a quorum, Janice Wojick contacted Patricia Casey via the above Memoranda of Decision and Patricia Casey concurred with the Board Members to affirm the Board's prior decision. Chair Bafundo signed the Memoranda of Decision later that day.

INTERIM CONSENT ORDER – MICHAEL SIEGEL, RN, E49256

Legal Office Attorney Joelle Newton presented the Board with an Interim Consent Order for Mr. Siegel. Mr. Siegel was present without representation. It was the unanimous decision of the Board Members present, and Patricia Casey via telephone, that this Order be granted. The motion passed. Chair Bafundo signed the Order later that day.

MOTION FOR SUMMARY SUSPENSION – ELEANOR MATYASOVSKY, LPN, 024099

Legal Office Attorney Roberta Swafford presented the Board with a Motion for Summary Suspension for Ms. Matyasovszky. The Respondent was not present and did not have representation. It was the unanimous decision of the Board Members present, and Patricia Casey via telephone, that this Motion for Summary Suspension be granted. The motion passed. Chair Bafundo signed the Order later that day scheduling the hearing for January 21, 2004.

PREHEARING REVIEW/CONSENT ORDER – MICHAEL HASSELBACHER, RN, E53265

Legal Office Attorney Roberta Swafford presented the Board with a Prehearing Review/Consent Order for Michael Hasselbacher. The Respondent was not present although was represented by Attorney Linda Herzner. The documentation provided was very old and the Department needs to provide additional information regarding therapist visits, treatment program, sponsor, etc. The Board would like the Order amended so that therapist and employer reports are provided monthly, urine screens for the last two years should be provided twice per month. The Board recommended that this be brought back as an Interim Consent Order to allow time for additional information to support the Consent Order.

PREHEARING REVIEW – SHEILA SPIEVEY, LPN, 027692

Legal Office Attorney Ellen Shanley presented the Board with a Prehearing Review for Ms. Spievey. The Respondent was not present and did not have representation. It was the recommendation of the Board that a Letter of Warning be issued.

PREHEARING REVIEW – AREA VAGNINI, LPN, 028201

Legal Office Attorney Ellen Shanley presented the Board with a Prehearing Review for Ms. Vagnini. The Respondent was not present and did not have representation. It was the recommendation of the Board that this case be dismissed.

PREHEARING REVIEW – COLLEEN ALLEN, RN, 016924

Legal Office Attorney Ellen Shanley presented the Board with a Prehearing Review for Ms. Allen. The Respondent was not present and did not have representation. The Board recommended that the therapist be removed from the approved list of therapists, and that Ms. Allen's probation be extended for six months and is not to have access to the narcotic keys nor be allowed to administer controlled substances for the six months.

PREHEARING REVIEW – SHAINA HAMEL, LPN, 029059

Legal Office Diane Wilan presented the Board with a Prehearing Review for Shaina Hamel. The Respondent was present with counsel. The Board recommended that this case be dismissed.

PREHEARING REVIEW – MARY KICKCOX, RN, 070234

The Board recommended that this case be deferred to the next meeting.

ADJOURNMENT

It was the unanimous decision of the Board Members present that this meeting be adjourned at 12:20 PM.
