(d) Each person licensed pursuant to this section has an affirmative duty to make a written referral to a licensed healing arts practitioner, as defined in section 20-1, of any client who has any physical or medical condition that would constitute a contraindication for massage therapy or that may require evaluation or treatment beyond the scope of massage therapy.

(e) No person shall use the title "massage therapist", "licensed massage therapist", "massage practitioner", "massagist", "masseur" or "masseuse", unless the person holds a license issued in accordance with this section or other applicable law.

Sec. 20-206c. Disciplinary action. Grounds. The department may take any action set forth in section 19a-17 if a person issued a license pursuant to section 20-206b fails to conform to the accepted standards of the massage therapy profession, including, but not limited to, the following: Conviction of a felony; fraud or deceit in obtaining a license; fraud or deceit in the practice of massage therapy; negligent, incompetent or wrongful conduct in professional activities; emotional disorder or mental illness; physical illness including, but not limited to, deterioration through the aging process; abuse or excessive use of drugs, including alcohol, narcotics or chemicals; wilful falsification of entries into any client record pertaining to massage therapy; failure to make a written referral, as required in section 20-206b; violation of any provisions of this section and sections 20-206a and 20-206b. The commissioner may order a license holder to submit to a reasonable physical or mental examination if the license holder’s physical or mental capacity to practice safely is the subject of an investigation. The commissioner may petition the superior court for the judicial district of Hartford to enforce such order or any action taken pursuant to section 19a-17. Notice of any contemplated action under said section, the cause of the action and the date of a hearing on the action shall be given and an opportunity for hearing afforded in accordance with the provisions of chapter 54.
Sec. 20-206d. Exempt activities. (a) No provision of this chapter shall be construed to prohibit a student of massage therapy enrolled in a school of massage therapy which satisfies the requirements of section 20-206b from performing work as a required component of his course of study at such school, provided the student shall not hold himself or herself out as licensed as a massage therapist and shall not receive compensation for such work.

(b) No provision of this chapter shall be construed to prohibit an instructor of massage therapy from demonstrating massage therapy techniques as a component of a course of instruction in a course, seminar or workshop, provided (1) the instruction is under the direct supervision of a licensed massage therapist; (2) the instructor is not a resident of this state; (3) the instructor does not represent himself or herself as a licensed massage therapist; (4) the instructor is licensed or certified as a massage therapist in his or her home state, territory or country, if such licensure or certification is required; (5) the instructor does not receive compensation for massage therapy services, other than compensation as an instructor; and (6) the demonstrated massage therapy services are available only to persons enrolled in the course, seminar or workshop.

(c) No provision of this chapter shall be construed to prohibit an out-of-state massage therapist who (1) is licensed or certified in another state whose standards for licensure or certification are equivalent to or greater than those required in this state, or (2) if licensure or certification is not required in such other state, is a member in good standing of the American Massage Therapy Association, from providing uncompensated massage therapy services during the Special Olympics or similar athletic competitions for persons with disabilities, provided such out-of-state massage therapist (A) does not represent himself or herself to be a massage therapist; (B) provides massage therapy under the supervision of a massage therapist; and (C) only provides massage therapy to persons participating in the Special Olympics or similar athletic competitions for persons with disabilities.

Sec. 20-206e. Temporary permit. The department may, upon receipt of an application for massage therapist licensure, accompanied by the licensure application fee of three hundred seventy five dollars, issue a temporary permit to a person who has met the requirements of subsection (a) of section 20-206b, as amended, except that the applicant has not yet sat for or received the results of the examination required under said subsection (a). Such temporary permit shall authorize the permittee to practice as a massage therapist under the supervision of a person licensed pursuant to section 20-206b, as amended. Such practice shall be limited to those settings where the licensed supervisor is physically present on the premises and is immediately available to render assistance and supervision, as needed, to the permittee. Such temporary permit shall be valid for a period not to exceed one hundred twenty calendar days after the date of completion of the required course of study in massage therapy. Such permit shall become void and shall not be reissued in the event that the permittee fails to pass the examination for licensure. No permit shall be issued to any person who has previously failed the examination for licensure prescribed pursuant to section 20-206b, as amended, or who is the subject of an unresolved complaint or pending professional disciplinary action. Violation of the restrictions on practice set forth in this section may constitute a basis for denial of licensure as a massage therapist.

20-206f. Continuing education requirements. (a) Each person licensed in accordance with the provisions of sections 20-206a to 20-206e, inclusive, of the general statutes shall complete a minimum of twenty-four hours of continuing education every four years. Such four-year period shall commence on the first date of renewal of the licensee's license after October 1, 2003. The continuing education shall be in areas related to the licensee's practice, including, but not limited to, courses offered by providers that are approved by the National Certification Board for Therapeutic Massage and Bodywork.

(b) No more than six continuing education units shall be completed via the Internet or distance learning and no more than twelve continuing education units shall be obtained from providers that are not approved by the National Certification Board for Therapeutic Massage and Bodywork. For purposes of this section, "continuing education unit" means fifty to sixty minutes of participation in accredited continuing professional education.

(c) The Department of Public Health may require an applicant for license renewal to submit evidence of continuing education on forms that may be prescribed by the department. Each licensee shall maintain records, or certificates or other evidence of compliance with continuing education requirements for a period of six years. Failure on the part of the licensee to demonstrate that such continuing education
requirements have been met shall be grounds for disciplinary action pursuant to section 20-206c of the general statutes.

(d) This section shall not apply to licensees who have been continuously licensed since February 1, 1994. The continuing education requirements shall be waived for licensees applying for licensure renewal for the first time. The department may, for a licensee who has a medical disability or illness, grant a waiver of the continuing education requirements for a specific period of time or may grant the licensee an extension of time in which to fulfill the requirements.

**20-206g. Advertising by massage therapists. Requirements and prohibitions.**

(a) As used in this section, "advertise" includes, but is not limited to, the issuance of any card, sign or device to any person; causing, permitting or allowing any sign or marking on or in any building, vehicle or structure; advertising in any newspaper or magazine, or the placement of any listing or advertisement in any directory under a classification or heading that includes the words "massage", "massage therapist", "massage therapy", "massage therapy establishment", "shiatsu", "acupressure", "Thai massage", "Thai yoga massage" or "Thai yoga".

(b) No person, firm, partnership or corporation shall advertise any of the services included in the definition of massage therapy in any manner using the term or title "massage", "shiatsu", "acupressure", "Thai massage", "Thai yoga massage" or "Thai yoga", except as provided in subsection (e) of this section, unless such services are performed by a massage therapist.

(c) Each person who holds a license as a massage therapist shall include his or her license number in any advertisement for such person's massage therapy services that appears in a newspaper, telephone directory or other advertising medium.

(d) It shall be a violation of this section for any person who does not hold a current license as a massage therapist to advertise massage therapy services by using the term "massage", "massage therapist", "licensed massage therapist", "massage practitioner", "massagist", "masseur" or "masseuse", "shiatsu", "acupressure", "Thai massage", "Thai yoga massage" or "Thai yoga", except as provided in subsection (e) of this section.

(e) A person who does not hold a current license as a massage therapist but who is registered as a yoga teacher with the Yoga Alliance Registry and has completed two hundred hours of training in Thai yoga may advertise "Thai yoga" services.

**Sec. 20-206h. Enforcement within available appropriations.**

(a) The Commissioner of Public Health shall carry out the commissioner's responsibilities with respect to enforcement of the provisions of sections 20-206b, as amended by this act, 20-206d and 20-206g, as amended by this act, within available appropriations.

(b) If the commissioner has cause to believe, based upon credible information or complaint, that any person has violated the provisions of section 20-206b, 20-206d or 20-206g, the commissioner may, not later than thirty days after receiving such information or complaint, begin a formal investigation of the alleged violation. In the course of such formal investigation, the commissioner may inquire as to whether a person under investigation obtained a license from the department legally by comparing the photograph on such person's identification with a photograph of such person obtained from the organization that administered the examination prescribed by the department pursuant to section 20-206b. Photographs that do not match shall constitute prima facie evidence that such person is engaging in the practice of massage therapy without a license in violation of section 20-206b. For purposes of this subsection, "identification" means a motor vehicle operator's license issued pursuant to section 14-36 or any other valid form of identification issued by the federal government or a state or municipal government, provided such identification includes a photograph.
